- We will take the temperature of ALL people entering our clinic.
- Staff are required to check their temperature before coming to work as well as upon arrival and must screen themselves according to the above CDC recommended guidelines to be allowed to work.
- Atlantic Internal Medicine is using CDC recommended alcohol and bleach based disinfects to disinfect our equipment and office furniture.
- Staff have been trained to sanitize **their hands before and after each patient contact, clean the Lobby area every 30 minutes and clean all equipment after each patient use. We ask that patients sanitize their hands before and after treatments also.**
- Only patients and staff are permitted access to the practice.
