

Reader's Name _____

A maze puzzle consisting of 20 numbered squares (1-20) arranged in a path. The path starts at square 1, which has an arrow pointing right. The path continues through squares 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, and ends at square 20. There are three 'PRIZE!' signs: one at square 4 (with a palm tree), one at square 10 (with a butterfly), and one at square 20 (with a banana). The maze is set against a dark, textured background with dotted lines indicating the path boundaries.
