TO OUR BELOVED CUSTOMER

Despite of this present pandemic, we continue our dedication to maintain the quality of service to the Filipino Community in Switzerland.

However, since October last year, all rates have been increasing and we did try to maintain our prices hoping that during the new year (2021) things will return to normal.

For the past 10 years, we did not increase our rates, but with the present situation, all these rates are still on its high costs.

We would like to advise all our customers that effective April 1, 2021 we will implement the new rates.

We are still very thankful to all of you and we will always be here to do this service.
