BALIKBAYAN BOX SERVICE IN SWITZERLAND
TOP QUALITY LOGISTICS

FACILITIES

WAREHOUSE

SECURITY SEAL

TRUCKS

OFFICE

NEW REGULATION ON HOW TO SEAL THE BOX

1. Before putting the items inside the box, first seal the bottom part (box)
2. Then tape the sides of the box (leave the sender and receiver part un-taped, so you can **CLEARLY** write on the space provided – **NO CONTACT NUMBER ON THE BOX**)
3. Once all items are properly inside the box then you can seal the top part of the box
4. **YOU CAN USE ANY TAPE COLOR. WE RECOMMEND TO DOUBLE OR TRIPLE THE LAYER OF THE TAPE. NEVER USE PAPER TYPE TAPE**

TOP AND BOTTOM SHOULD BE COVERED WITH TAPE. DRIVERS WILL NOT GET THE BOX IF NOT PROPERLY SEALED

Please make sure to seal your boxes **EXACTLY** as it looks on the picture,
Our goal is to make sure that your boxes are properly sealed before we do the pickup in your place.

THE SAFETY OF YOUR BOXES SHOULD START WITH THE SENDER AND PHILAIR WILL RE ENFORCE THE SAFETY ONCE THE BOX ARRIVES IN OUR KLOTEN WAREHOUSE
