

# ABOUT US

Dawnhill Assessments & Auditing offers professional training services designed to enhance organizational capabilities and individual competencies across key areas such as ISO Standards, Social Compliance, and Industrial Safety. Our ISO training programs cover a wide range of standards including ISO 9001, ISO 14001, ISO 45001, ISO 27001, ISO 22301, and ISO 27701, helping participants understand implementation, auditing, and compliance requirements. We also provide practical Social Compliance training aligned with global standards like SA8000, Sedex/SMETA, WRAP, and BSCI, focusing on ethical workplace practices. In the area of Industrial Safety, we conduct sessions on fire safety, emergency preparedness, risk assessment, PPE usage, and EHS management. All our training sessions are designed with real-world case studies, interactive activities, and expert guidance to ensure practical learning and measurable outcomes.
