

### 1 Precautionary Statements:

If spilled, surface will become extremely slippery. Non-hazardous to Humans, Fish or Animals. No Protective clothing is required. However, it is recommended that gloves and eye protection be worn when handling and mixing. May cause skin and eye irritation in some individuals.

If product comes in contact with skin, wash thoroughly with soap and water.

If product comes in contact with eyes, flush for 15 minutes with pure water. If irritation persists, seek medical attention.

**NO KNOWN ENVIRONMENTAL HAZARDS.**

### Storage and Disposal:

Avoid storage that may result in freezing. Store at temperatures above 40°F.

**KEEP OUT OF REACH OF CHILDREN AND ANIMALS.**

Store in cool dry area, avoid high temperatures, and carefully open containers. Shelf life of this product is one (1) year or longer if maintained at temperatures below 70°F and above 40°F. Slight discoloration may occur after time without product being affected.

In case of spill, confine with any absorbent material. Use absorbent towels or pads to soak up spill. Then wash area with soap and water.

**Note:** Wear slip resistant shoes when handling spills.

**Dispose at any sanitary landfill or other waste disposal site. (Follow all State and Federal disposal laws.)**

### Warranty:

ITS makes no warranty, either expressed or implied, concerning the use of this product other than indicated on the label.

ITS recommendations for the use of this product are based on tests believed to be reliable. The use and application of the product is beyond the control of the manufacturer, therefore no guarantees or warranties are expressed or implied relating to the effectiveness or performance of the product.

# JETWET-P™

## NEW SOIL PENETRANT TECHNOLOGY INSTANT SOIL PENETRATION

**Super  
Soil  
Penetrant  
Surfactant  
LDS Relief  
Compaction  
Resolved**

**Low Cost**

**JETWET-P™** allows for rapid and uniform moisture infiltration throughout the soil profile vertically and horizontally. Eliminates water repellency in the soil and quickly relieves plant stress due to the inability of water and turf chemicals to infiltrate to the rootzone. Eliminates localized dry spots and heat stress on hills, slopes, and bunker faces. **JETWET-P™** dramatically improves the ability of irrigation and applied turf chemicals to easily penetrate the soil surface though thatch into the rootzone. Improves the overall quality of turf with less irrigation. **JETWET-P™** enhances the performance and efficacy of turf chemicals and fertilizers.

**Great For:  
Golf Course Greens,  
Tees & Fairways  
Sports Fields  
Sod Farms**

### Contents:

Coconut Alkanolamide and proprietary additives.

(NOT A PLANT FOOD)

### Application Rates: TURF

Apply 6 to 32fl.oz per acre in water monthly.

A programmed application at lower rates every 2 weeks has shown superior results. Apply only as needed.

Apply at 1 to 3fl.oz rate per 1000ft<sup>2</sup> for prompt relief from severe stress or extreme conditions.

May be applied by boom sprayer and through irrigation systems.

Irrigate immediately after sprayer application.

### Tank Mixing Instructions:

Gradually add **JETWET-P™** to the mixing tank while filling. Make sure that the spray mixture is thoroughly agitated to provide uniform dispersion throughout. Once **JETWET-P™** is in suspension, it will not separate.
