

Precautionary Statements:

If spilled, surface will become extremely slippery. Non-hazardous to Humans, Fish or Animals. No Protective clothing is required. However, it is recommended that gloves and eye protection be worn when handling and mixing. May cause skin and eye irritation in some individuals.

If product comes in contact with skin, wash thoroughly with soap and water.

If product comes in contact with eyes, flush for 15 minutes with pure water. If irritation persists, seek medical attention.

NO KNOWN ENVIRONMENTAL HAZARDS.

Storage and Disposal:

Avoid storage that may result in freezing. Store at temperatures above 40°F.

KEEP OUT OF REACH OF CHILDREN AND ANIMALS.

Store in cool dry area, avoid high temperatures, and carefully open containers. Shelf life of this product is one (1) year or longer if maintained at temperatures below 70°F and above 40°F.

Slight discoloration may occur after time without product being affected.

In case of spill, confine with any absorbent material. Use absorbent towels or pads to soak up spill. Then wash area with soap and water.

Note: Wear slip resistant shoes when handling spills.

Dispose at any sanitary landfill or other waste disposal site. (Follow all State and Federal disposal laws.)

Warranty:

Innovative Turf Solutions makes no warranty, either expressed or implied, concerning the use of this product other than indicated on the label.

Innovative Turf Solutions' recommendations for the use of this product are based on tests believed to be reliable. The use and application of the product is beyond the control of the manufacturer, therefore no guarantees or warranties are expressed or implied relating to the effectiveness or performance of the product.

QUICK STAND PLUS

QUICK STAND PLUS™ - SEED ENCAPSULATION

When applied to seeds, QUICK STAND PLUS™ completely encapsulates the seeds maintaining and transferring both moisture and nutrients creating an environment for accelerated and uniform germination with yields reaching 99%. Sprayed on overseed and new seeding can reduce germination time by as much as 60%. Insures rapid seed establishment with a full and even stand. Reduces fertilizer usage.

QUICK STAND PLUS™ applied to new sod will help provide rapid establishment without excessive watering. Provides components necessary for rapid root anchoring and top growth.

Evenly distributes applied products throughout the hydroseeding mix for consistent placement.

QUICK STAND PLUS™ - SURFACTANT/WETTING AGENT

Allows for uniform water infiltration throughout the soil profile and hydroseeding media. Reduces water repellency in mulches, hydroseeding mixes and soil, and quickly relieves plant stress due to the inability of water to infiltrate to the root zone. Improves soil hydration capabilities.

QUICK STAND PLUS™ - MOISTURE MANAGEMENT

Provides proper wetting and drainage in soilless hydroseeding media. Enhances overseeding grown-in, sprig and sod installation by improving moisture retention.

Reduces watering requirements.

Net Contents: 5 Gallons-unless noted below

1 Gallon 55 Gallons 275 Gallons

Contents:

Liquid copolymer, organic humectants, coconut alkanolamide, okra extract (c129), AMATROL, Anionic Surfactant-Penetrant, and other proprietary additives.

(NOT A PLANT FOOD)

Application Rates:

5 Gallons per Acre for HYDROSEEDING

2.5 Gallons per Acre for OVERSEEDING

2.5 Gallons per Acre for New Seeding

2.5 Gallons per Acre for Sprigging

2.5 Gallons per Acre for NEW SOD

Tank Mixing Instructions:

Gradually add QUICK STAND PLUS™ to the mixing tank while filling. Make sure that the hydroseed mixture is thoroughly agitated to provide uniform dispersion throughout. Mix QUICK STAND PLUS™ at a ratio of 1 part to 40 parts of water for sprayer tank mixing.

Once QUICK STAND PLUS™ is in suspension, it will remain in suspension.

May be applied through fertigation and irrigation systems.

U.S. Patents Pending
