CAR RIDES AND PUPPIES

@thedogzplace
www.thedogzplace.com

BY CONDITIONING A PUPPY
TO RIDE IN YOUR CAR AT AN
EARLY AGE, YOU AVOID THE
HEADACHE OF
CARSICKNESS LATER

PREPARING YOUR
PUPPY TO BE
SUCCESSFUL.

YOUR PUPPY'S
POSITIVE
ASSOCIATION TO
CARS, CAR RIDES IS
IMPORTANT

The DOGZ Place

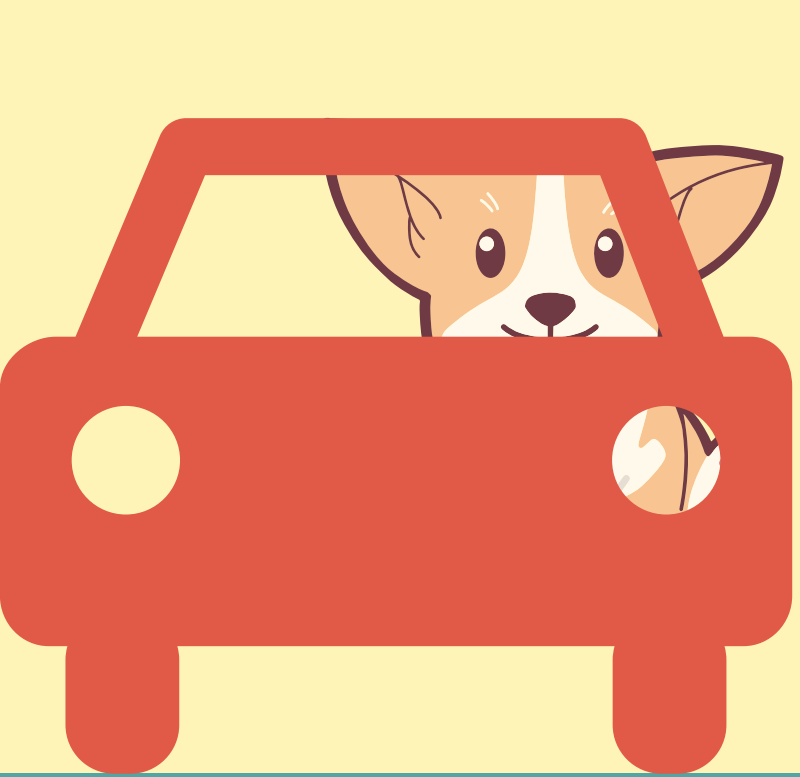

START WITH TAKING YOUR PUP FOR SHORT DISTANCE CAR RIDES, MAKE SURE YOUR PUP HAS PEED AND POOP BEFORE THIS CAR RIDE.

MAKE SURE THAT YOUR PUPPY'S CAR RIDE IS NOT ONLY ABOUT GOING TO THE VET AND BACK HOME BUT MORE PLACES LIKE GROCERY STORES/JUST A NORMAL LONG DRIVE/TO RUN SMALL ERRANDS ETC WHERE THE PET DOESNT COME HOME WITH A PRICK IN HIS SKIN.

YOUR PUP MUST LEARN TO RIDE IN THE BACK OF THE CAR FOR SAFETY PURPOSE. MANY CAR ACCESSORIES ARE AVAILABLE IN THE MARKET FROM SEATBELT, TO HARNESS OR A CAR BARRIER THAT IS ALSO A SEAT COVER.

**KEEP THE DRIVES UPBEAT AND
HAPPY**

**DO NOT SCOLD THE PUPPY FOR
WHINING. IF YOUR PUPPY IS CARSICK
AND VOMITS DO NOT SCOLD HIM IGNORE
THE VOMIT GO HOME CLEAN IT AND TRY
AGAIN TOMORROW.**

**SLOWLY INCREASE THE DISTANCE
OF THE DRIVE, PRAISE YOUR PUP AT
THE END OF THE TRIP.
AS YOUR PUP STARTS GOING FOR
LONGER DISTANCE CAR RIDES DO
SEVERAL QUICK STOPS FOR PEE SO
MISHAPS IN CARS WILL ALWAYS BE
AVOIDED.**
