Junior

CAMERON ATKINSON TRIGGER FISH 4lb 7oz 4dr 148.44% Appledore Shipbuilders AC

I have contacted Clubs/Personal Members through email asking everyone to send me a full list of specimens caught for the whole year so that certificates can be awarded respectively. This has had limited success with 6 clubs out of 18 responding. Can everyone who has not provided this information yet please reply soon. This is important so that all anglers can get the rewards that they have fished for!

Website.

We are undertaking setting up our own website which will hopefully be in place for the start of next year.

Facebook.

Have you seen our Facebook Group Page?

Please take a look and get involved. The more that do get involved, the better it will be!

Good to receive competition information from Kingsbridge & District SAC.

Please keep the information coming and I can distribute it out to the members

AGM date is Wednesday 18th February at Sidmouth SAC.

Just a reminder that any points for discussion should be submitted by 31st October

Wishing you all good fishing

Andrew
