

Sasha The Curious Dog

by CM Sheaks

Are you in need of a doggy detective?
Are you in search of a four-legged sleuth?

There is one canine
that comes to mind,
who will chase down
every last clue!

Do you wonder who bit the mailman?

Are you curious who chased the cat?

I'd like to know most,
who buried their bone
inside my yellow backpack.
Her methods might be peculiar,
sometimes, they're downright odd...

but there's no canine
who can crack a case, like
Sasha the curious dog!
