

2025-2026 SCHOOL SUPPLY LIST

Hello VCP Families,

To prepare for this coming school year, we are requesting the following supplies (they are the same for each classroom). Throughout the year your teacher may let you know if they want something more specific for their class. We hope this gives your child the opportunity to be involved in the process of getting ready for school, which is always so fun!

Thank you for your contribution! Please bring supplies with your child at the Meet and Greet.
