

# PRACTICE TIPS

## PRACTICE PIE

- Maximize your practice time by dividing your time to different things you want to work on
- My practice pie always has technique, an etude, current rep, and pieces to review
- \*Beginners should focus on technique more\*

## SET GOALS

- Set short and long term goals
- Use a practice record or journal to keep your practice more focused and organized
- Record yourself to listen and observe your performance from the outside

## PRACTICE IN BRACKETS

- Helps with memorization
- Refines difficult passages
- Guides your focus and concentration

## TECHNIQUE!

- Practice with a metronome
- SLOW PRACTICE
- \*Always warm up with technique\*
- Practice technique everyday
- Check in with your posture
