Hi Maria,

I just wanted to reach out to you before I leave for PTO since I won't be here for your last week next week. I just wanted to let you know that I really appreciate all the hard work and dedication you have given to this project and my IAM team. I would highly recommend your services to anyone that needs a project manager. You have been extremely proactive at going out and getting data, or information needed to have a successful project. I do not think we would be this far along without the guidance and insights that you have provided long the way. It has been wonderful working with you, and you will truly be missed. I wish you all the best in whatever life brings to you next.

Thank you!
