Hello Maria,

I am sad to see you go, but I know that your hard work and determination will lead you in the direction that is best for you. I wanted to thank you for all of your support over the time that we have worked together, it has made an impact on me in a few ways. The one on one mentorship that you provided to help me through challenging tasks by guiding my focus on sound project methodology has allowed me to hone my project management skills in practical application. Additionally, your knowledge of the culture and environment helped me navigate through my deliverables more quickly, helping my work become more valuable to the organization. At the end of the day, you were that go to person for me when I needed a second set of eyes, or if I needed advice and you helped me grow through your support and kindness. I know that you will have the opportunity to help more people like you helped me as your career continues to grow and I can certainly see you becoming a valuable leader that can influence change on a large scale. Best of luck to you with your future endeavors, and thanks again for everything.

Sincerely,

Sarah Keane
