Maria,

It was a pleasure working with you, with your keeping our project on time and keeping the work flowing. You have been a great help to our team to get us to where we are today. Your working with us will be missed.

Again, with your keeping Eli and myself organized and on time for the meetings, scheduling the meetings and working with us has been a great help in our work. I can tell you learned a lot about the IAM and IGA process while you were on our project. Hopefully you get more IAM/IGA projects and take what you have learned with us and help others

I hope you have a great break while you can.

Thanks,
