

Easy Pillowcases with Burrito Roll Cuff

Body – 27” x Width of Fabric

Cuff – 9” x Width of Fabric

- Lay the Cuff out flat with the right side facing up.
- Place the Pillowcase Body on top of the Cuff with right sides together and pin.
- Starting at the bottom of the Pillowcase Body, begin rolling the fabric towards the top edge. Continue to roll up the Pillowcase Body until it is a few inches from the top edge.
- Take the bottom edge of the Cuff fabric and wrap it over the rolled-up Pillowcase Fabric. Pin through all layers of fabric.
- Using a **1/4 to 3/8” seam allowance**, sew along the raw edge.
- Fold back the Cuff and carefully pull out the Pillowcase Body.
- Press the Cuff, fold the pillowcase in half, wrong sides together, matching the Cuff and trim the sides and bottom so it is even. Pin the raw edges on the side and bottom of the pillowcase.
- Stitch together down the side and across the bottom using a **1/4” seam allowance, being sure the Cuff seam is even.**
- Flip the Pillowcase wrong side out and press the seams **completely. Push out the corners, but DO NOT cut them.**
- The Pillowcase is now facing right sides together. Pin the side and bottom seams and stitch the side and bottom seams using a **3/8-to-1/2”seam allowance. Backstitch at the Cuff and again, DO NOT cut across corner diagonally as this will weaken the seam.** You now have enclosed French seams and the Pillowcase has no loose threads on the inside or outside.
- Turn right side out and **press seams well, trimming and/or removing loose threads sticking out of seams.**
