

Independent Education

Striving for Excellence

Visiting Administrators, Coaches, and Parents,

We would like to welcome each of you to our campus for the upcoming football game. Bowling Green has made significant changes to its campus over the past two years, and parking for our football games looks very different. We are looking forward to having you on our campus and good luck with the upcoming season.

Parking for visiting fans will be in the parking lot that is accessed via Manning Drive and Buccaneer Way. Visiting fans will pass up the Varnado Street entrance (if driving south on Main Street) and drive .4 miles to access Manning Drive. After turning on Manning Drive, fans will drive .4 miles to the Buccaneer Way entrance. Fans will then park in the area on the immediate left after entering the gate of Buccaneer Way. Additional parking is available near our softball field behind the hitting facility. Please see the attached map for visual aid, and feel free to share with your fans prior to game day.

Parking for the visiting team bus will be near the new Bowling Green Hitting Facility. The end zone fence area is Bowling Green reserved parking for home football events.

Visiting team BUSES ONLY need to enter through Varnado Street and proceed through the back gate to access Bus Parking. This will allow your bus to easily position for exit out of Manning Drive at the end of the evening. **Any fans following the bus should proceed to the Manning Drive entrance.**

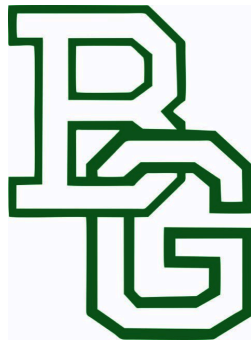

Fans entering and exiting at the appropriate entrances ensures adequate parking for all fans and creates a smooth flow of traffic before and after the game. We appreciate your assistance!

Sincerely,

Lori Schilling

Bowling Green School Athletic Director
