

## I Am a Bird

My favorite animal is a bird.  
I love the way birds soar across the sky.  
Pigeons look especially fly.

There are birds everywhere.  
A lot of them don't shed hair.

When I turned into a bird, I didn't know what to say.  
I was going to say, "Slay the day!"

That night I flew across the sky, and I had a tear in my eye.  
Everything was beautiful in the park.  
When I went to town, I saw O'Reilly AutoParts.

When I arrived home, my parents thought I was an intruder.  
When I told them my story, their faces were gloomier.

The next day my parents brought me bird food.  
They stole it from a bird cage.

I miss being a human just a little bit.  
I miss being able to watch TV with my cousin Nick.  
Also, I had a dog that could do a lot of tricks.

BUT....on the bright side, I can FLY!  
And I can communicate with birds while I soar across the sky!

I have to admit that I miss school.  
I know it sounds weird, but I miss swimming in a pool.

On the next shooting star, I wished to have my human self back.  
I love flying, but I've missed a lot of homework.

The next morning I had my human body back,  
So my message is....be careful what you wish for.
