

Softball Life

My bat, ball, and glove....
Playing in the dirt the game that I love.
My favorite is pitching on the mound.
When the ball hits the glove, I love that sound.
Standing on the plate waiting for a strike
Then here it comes, the one that I like.
Into the outfield up really high,
Hoping it will reach the sky
Base to base is my route,
Trying to score a run before I get out.
All of the practice and work before we play
Will show in the performance on game day.
My favorite part is the end
When we get to celebrate the big win
