

SCULPT MASTER PRO

PULSED ELECTROMAGNETIC STIMULATION

BODY SCULPTING & FACE LIFT

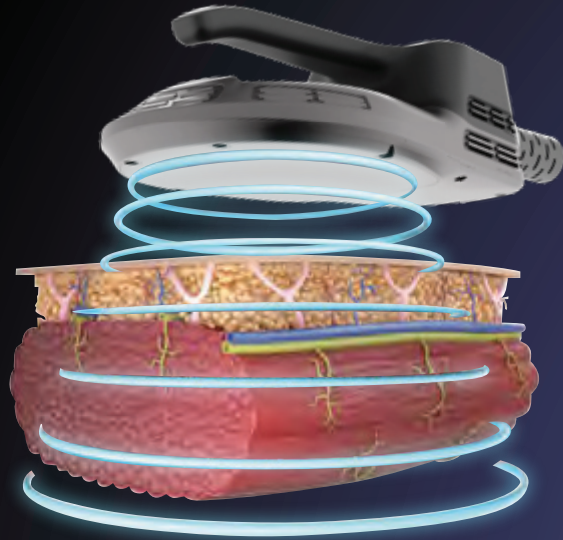

+30% Muscle Increase

+23% Face Lift

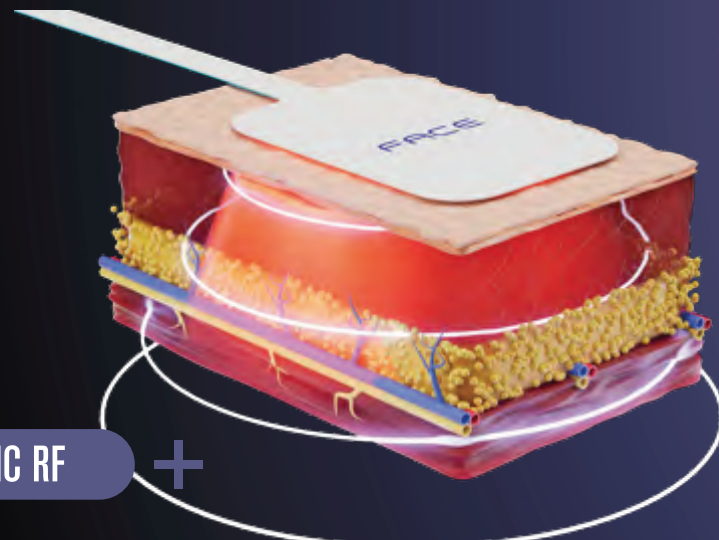

-30% Fat Reduction

-37% Less Wrinkles

HIGH INTENSITY FOCUSED ELECTRO-MAGNETIC

SYNC RF

+

HIGH INTENSITY FOCUSED ELECTRICAL STIMULATION

TREATMENT PRINCIPLE

This machine combines with BODY SCULPTING and FACE LIFT

BODY SCULPTING is based on High Intensity Focused Electro-Magnetic energy technology. By passing the brain limitations, High Intensity Focused Electro-Magnetic energy contracts the muscle fibers in the area at intensities that are not achievable during voluntary workout. Clinical studies showed on average a 25% muscle volume increase.

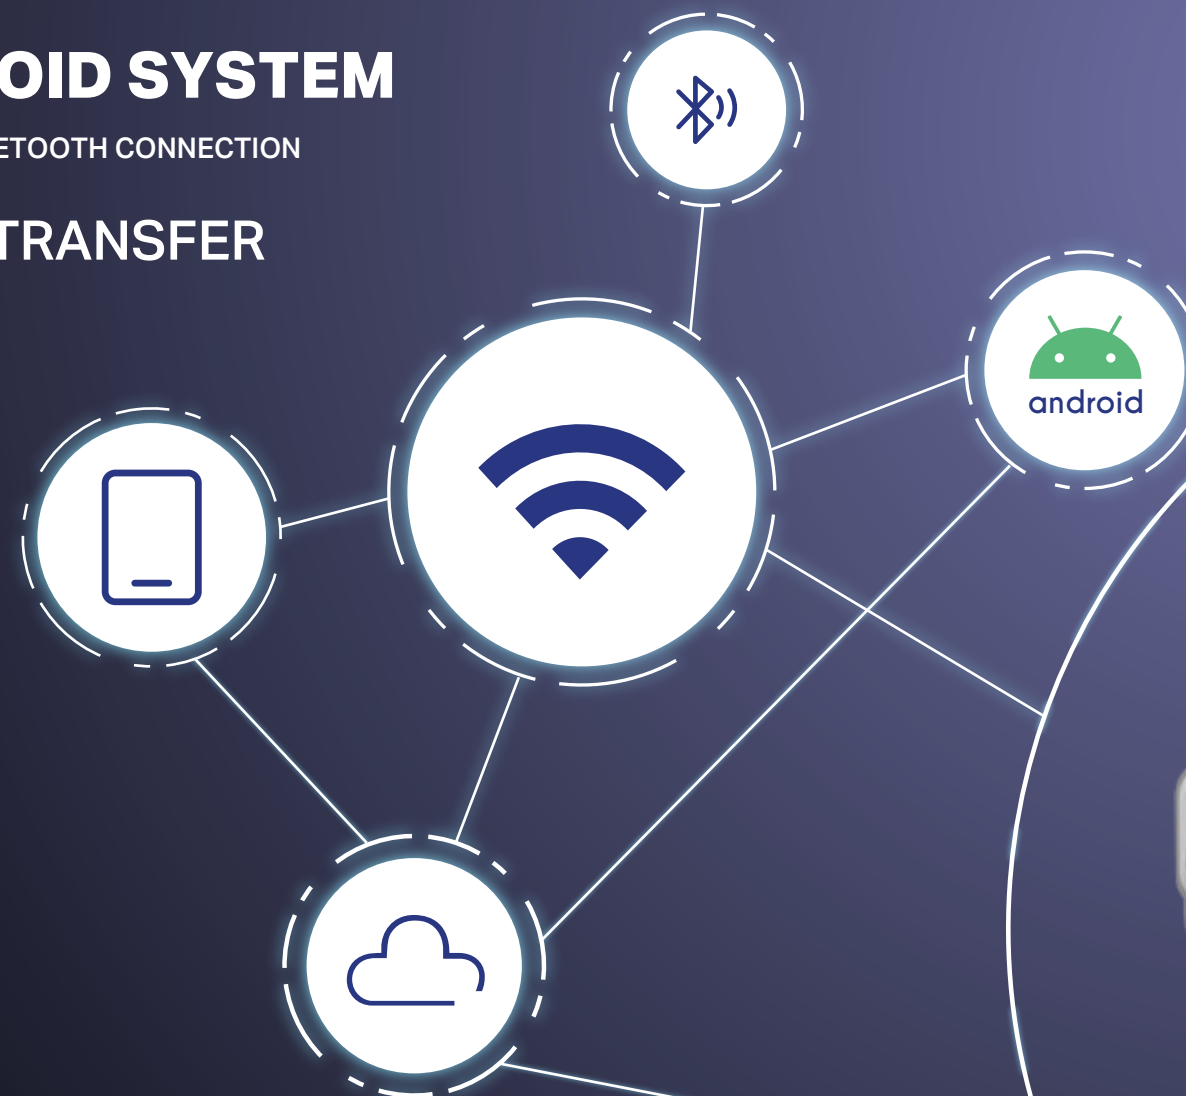

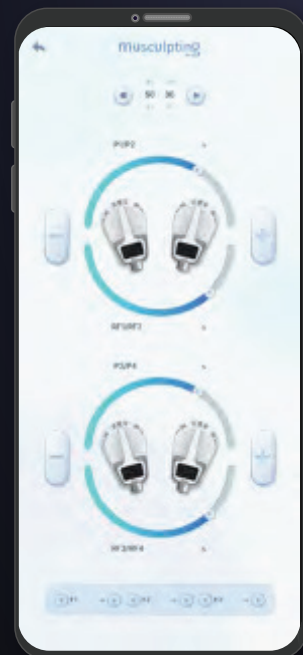

FACE LIFT works by using High Intensity Focused Electrical Stimulation technology which targets the facial muscle. It causes supramaximal contractions, resulting in a lift to the cheeks and the forehead region. Radiofrequency acts simultaneously on the dermal layer of the skin to stimulate collagen and elastin fiber regeneration.

ANDROID SYSTEM

UP TO FIVE CHANNELS CAN WORK SIMULTANEOUSLY

Simultaneously Addresses Elastin, Collagen, Muscles and Connective Tissues.

TWO FLAT HANDLE

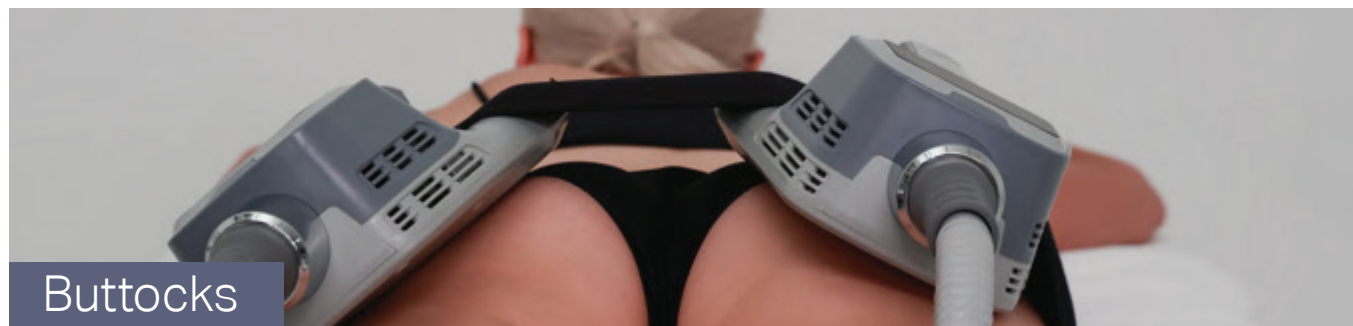

For Treatment of Abdomen, Buttocks, Back, Chest, Shoulders.

Abdomen

Back

Buttocks

TWO CURVED HANDLE

For Treatment of Arms, Calves and Thighs.

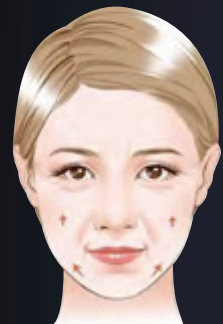

Arms

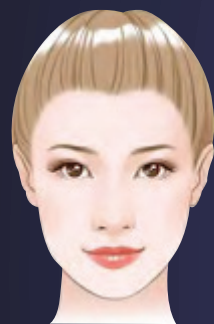

Calves

WHAT RESULTS CAN YOU EXPECT FROM THE TREATMENT?

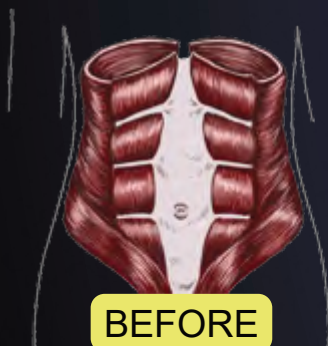

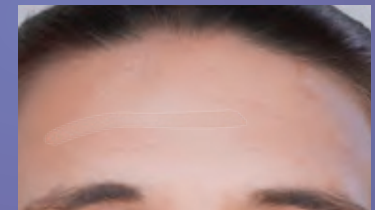

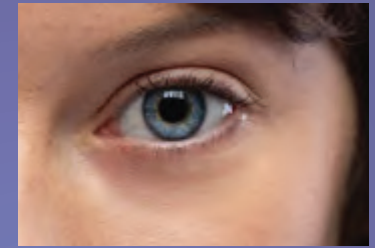

BEFORE

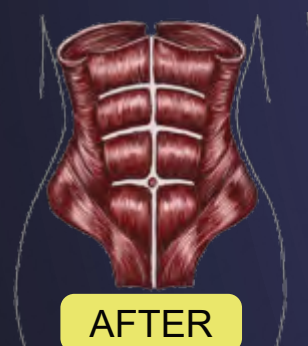

AFTER

- 37% Reduction of Facial Wrinkles
- 26% Increase in Collagen
- A Two-fold Increase in Elastin Production

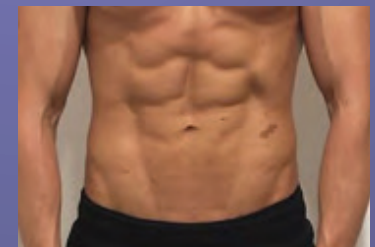

BEFORE

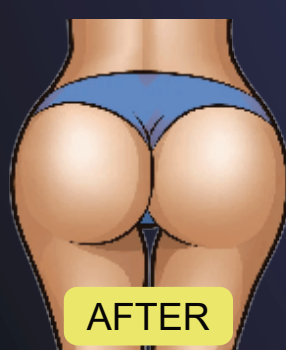

AFTER

- 30% Increase in Muscle Tone
- 19% Increase in Muscle Density
- -30% Fat Reduction

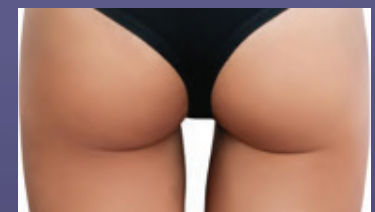

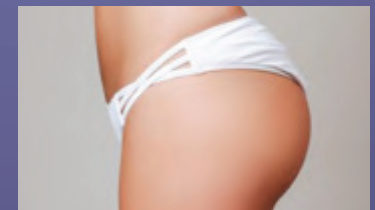

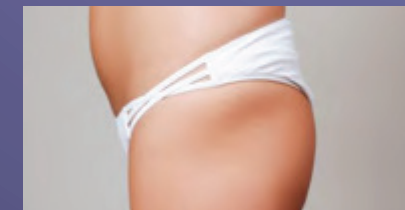

BEFORE

AFTER

- Create Peach Buttock
- Create A Vest Line

INTELLIGENT OPERATING SYSTEM

Extremely Easy to Operate

The new intelligent operating system can automatically match different treatment parameters according to different treatment parts.

At the same time, it is equipped with 3 different working modes:face;body;face&body. Achieved the needs of treating both face and body.

SPECIFICATION

BODY PART

Frequency	1-150hz
Power	5000w
Intensity	7tesla
Pulse Width	310 μ s \pm 10%
Cooling	Air Cooling

FACE PART

Power	800w
Patch Shapes	5 Kinds
Channels	5 Simultaneously
RF Power	300w

Screen	13inch Tough Screen
Voltage	Ac220v \pm 10% 50hz,110v \pm 10% 60hz
