

5 Things You Can Do Tonight

Simple steps to help you be safer online.

1

Check for software updates

Keep your phone, tablet, and computer up to date.

2

Turn on two-factor authentication (2FA)

Add an extra layer of protection to your important accounts.

3

Review your passwords

Use strong, unique passwords and change weak or reused ones.

4

Check your privacy settings

Make sure your information is not more public than you want.

5

Look for and remove suspicious apps

Delete apps you do not use or do not recognize.

Small steps. A safer tomorrow.
