

Snow Bird Special Agreement

Many residents are considered "Snow Birds" when they disconnect their cable TV, Internet and or VOIP service when they leave the area for a long period of time. Coast Communications wishes to accommodate these customers. In order to qualify for the Snow Bird Special Rate, the cable must be disconnected for a minimum of three (3) months.

Completion of this contract enables the customer to have cable service disconnected and re-connected on the dates specified below. The special reconnection rate will be \$10.00 instead of the normal \$30.00 reconnection rate.

<i>Customer Signature:</i>	<i>Service Address:</i>
