SWISSVET
VETERINARY PRODUCTS

Swissvet Veterinary Products was founded by Swiss veterinarian Dr. Ruedi Steiger, DACVIM, following his equine medicine residency in the USA. Driven by his true passion - equine dentistry - Dr. Steiger now practices and teaches worldwide, combining exceptional technical and professional expertise with a global network of leading dental specialists.

Swissvet Veterinary Products is the exclusive distributor and service center for Terafloat and Vet Design power equipment, and also provides a comprehensive range of dental accessories. With a commitment to outstanding customer care and premium-quality products, Swissvet is

**YOUR TRUSTED PARTNER IN EQUINE
POWERDENTISTRY**

YOUR TRUSTED PARTNER IN EQUINE POWERDENTISTRY

ONE NAME - THREE LINES

ECO
STAINLESSS STEEL SHAFT

LED
ALU SHAFT AND LED LIGHT

FLX
FLEXILBE DRIVE SHAFT

THE CONCEPT IS SIMPLE AND CLEVER

A variable-speed instrument with powerful lithium batteries, interchangeable shafts and durable grinding heads. Combining modern materials, smart engineering, and renowned Swiss Quality, the Terafloat has become the benchmark for state-of-the-art equine dentistry in the 21st century.

Three distinct product lines - ECO, LED, and FLX - are each available in seven sets, ranging from basic to professional. This ensures solutions for every budget and treatment approach, meeting the needs of the general large-animal practitioners to the dedicated equine dentistry specialists.

Since its introduction in 2015, the Terafloat has been a tremendous success among equine veterinarians world-wide and it is equally liked by horse owners and trainers.

SWISS DESIGN

ROUTINE & SPECIALTY SHAFTS

THE ROUTINE SHAFT WITH TURNFLEX

- Turnflex mechanism to switch between straight and curved shaft
- Rotating head in 90 deg increments
- Interchangeable heads
- Head with guard for grinding disk
- Head without guard for apple core burr, large cylindrical or thin diastema burs
- LED lights in the LED line

THE PONY SHAFT

- Thin profile with guard to safely reach tight spots
- For ponies or tight spots

THE INCISOR SHAFT

- Large, guarded disk
- Allows cutting and grinding

TERAFLOAT LED: THE LIGHT-WEIGHT PERFECTION

THE LED LINE

The Terafloat LED line features:

- Variable speed
- Trigger locking switch
- Electronic shut-off protection
- Lithium batteries 3Ah
- Battery charge indicator lights
- Removable shafts
- Wired for LED shaft
- Turnflex and specialty shafts

T-0015:

TERAFLOAT LED STANDARD SET

Two motors and two LED Shafts: Turnflex Shaft with disc T3 and Turnflex Shaft with Apple Core Burr A2. Three batteries, charger, accessory bag and case.

LED

T-0005:

TERAFLOAT LED BASIC SET

Motor and Turnflex Shaft LED with disc T3. Two batteries, charger, accessory bag and case.

T-0008:

TERAFLOAT LED BASIC PLUS SET

Turnflex Shaft LED with disc T3 and additional head with Apple Core Burr A2. Two batteries, charger, accessory bag and case.

T-0051:

TERAFLOAT LED ADVANCED SET (INCISOR)

Two motors and three LED Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2 and Incisor Shaft. Three batteries, charger, accessory bag and case.

TERAFLOAT SETS

T-0054:

TERAFLOAT LED ADVANCED SET (PONY)

Two motors and three LED Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2 and Pony Shaft. Three batteries, charger, accessory bag and case.

T-0012:

TERAFLOAT LED PROFESSIONAL XS SET

Two motors and four LED Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2, Pony Shaft and Incisor Shaft. Three batteries, charger, accessory bag and case.

T-0057:

TERAFLOAT LED PROFESSIONAL XL SET

Four motors and four LED Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2, Pony Shaft and Incisor Shaft. Six batteries, 4-bay Charger, accessory bag, incisor speculum and large case.

TERAFLOAT ECO: THE EVERYDAY FLOAT

THE ECO LINE

The Terafloat ECO line features:

- Variable speed
- Trigger locking switch
- Electronic shut-off protection
- Lithium batteries 3Ah
- Battery charge indicator lights
- Removable shafts
- Turnflex and specialty shafts

T-0043:

TERAFLOAT ECO STANDARD SET

Two motors and two ECO Shafts: Turnflex Shaft ECO with disc T3 and Turnflex Shaft ECO with Apple Core Burr A2. Three batteries, charger, accessory bag and case.

ECO

T-0037:

TERAFLOAT ECO BASIC SET

Motor and Turnflex shaft ECO with disc T3. Two batteries, charger, accessory bag and case.

T-0040:

TERAFLOAT ECO BASIC PLUS SET

Motor and Turnflex Shaft ECO with disc T3 and additional head with Apple Core Burr A2. Two batteries, charger, accessory bag and case.

T-0061:

TERAFLOAT ECO ADVANCED SET (INCISOR)

Two motors and three ECO Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2 and Incisor Shaft. Three batteries, charger, accessory bag and case.

TERAFLOAT SETS

T-0002:

TERAFLOAT ECO ADVANCED SET (PONY)

Two motors and three ECO Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2 and Pony Shaft. Three batteries, charger, accessory bag and case.

T-0028:

TERAFLOAT ECO PROFESSIONAL XS SET

Two motors and four ECO Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2, Pony Shaft and Incisor Shaft. Three batteries, charger, accessory bag and case.

T-0064:

TERAFLOAT ECO PROFESSIONAL XL SET

Four motors and four ECO Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2, Pony Shaft and Incisor Shaft. Six batteries, 4-bay charger, accessory bag, incisor speculum and large case.

TERAFLOAT FLX: THE FLEXIBLE SOLUTION

THE FLX LINE

The Terafloat FLX line features:

- Variable speed trigger with trigger lock
- Electronic shut-off protection
- Lithium batteries 6Ah
- Battery charge indicator lights
- Carrying belt with pivoting motor clip
- Holster for grinding shaft
- Reinforced flexible drive shaft
- Waterproof magnetic quick connection
- Turnflex shafts and specialty shafts

BESTSELLER

T-0084:

TERAFLOAT FLX STANDARD SET

Motor with waist belt, Flexdrive and two FLX Shafts: Turnflex Shaft with disc T3 and Turnflex Shaft with Apple Core Burr A2. Three batteries, charger, accessory bag and case.

FLX

T-0078:

TERAFLOAT FLX BASIC SET

Motor with waist belt, Flexdrive and Turnflex FLX Shaft with disc T3, three batteries, charger, accessory bag and case.

T-0081:

TERAFLOAT FLX BASIC PLUS SET

Motor with waist belt, Flexdrive and Turnflex FLX Shaft with disc T3. Additional head with Apple Core Burr A2. Three batteries, charger, accessory bag and case.

T-0090:

TERAFLOAT FLX ADVANCED SET (INCISOR)

Motor with waist belt, Flexdrive and three FLX Shafts: Turnflex Shaft with disc T3 and Turnflex Shaft with Apple Core Burr A2 and Incisor Shaft. Three batteries, charger, accessory bag and case.

TERAFLOAT SETS

T-0097:

TERAFLOAT FLX ADVANCED SET (PONY)

Motor with waist belt, Flexdrive and three FLX Shafts: Turnflex Shaft with disc T3 and Turnflex Shaft with Apple Core Burr A2 and Pony Shaft. Three batteries, charger, accessory bag and case.

T-0093:

TERAFLOAT FLX PROFESSIONAL XS SET

Motor with waist belt, Flexdrive and four FLX Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2, Incisor Shaft and Pony Shaft. Three batteries, charger, accessory bag and case.

T-0454:

TERAFLOAT FLX PROFESSIONAL XL SET

Motor with waist belt, Flexdrive and five FLX Shafts: Turnflex Shaft with disc T3, Turnflex Shaft with Apple Core Burr A2, Incisor Shaft, Pony Shaft and Profiling Shaft with large burr. Three batteries, charger, accessory bag and large case.

TERAFLOAT
POWERDENTISTRY

COMPONENTS

Diastema Burr D1 (T-0261)

Short conical-tipped diamond-coated diastema burr D1 for non-guarded head

Diastema Burr D2 (T-0262)

Long cylindrical diamond-coated diastema burr D2 for non-guarded head

Diastema Burr D3 (T-0263)

Extra long cylindrical diamond-coated diastema burr D3 for non-guarded head

Apple Core Burr canine A4 (T-0217)

Diamond-coated apple core burr for non-guarded head with additional inside coating for canine work

Incisor Wheel S1 (T-0285)

Large cutting and grinding wheel S1 for Incisor Shaft

Rotary disc T3 (T-0206)

Diamond-coated rotary disc T3 for guarded head

Burr P1 (T-0283)

Cylindrical profiling burr for pony shaft or profiling shaft

T-0283 for Pony or Profiling with Guard
T-0284 for Profiling without Guard

Cylindrical Burr large Z1 (T-0221)

Diamond-coated cylindrical burr large Z1 for non-guarded head

Incisor Shaft ECO (T-0159)

Incisor shaft with guard, with incisor wheel S1, connects to motor L1 (LED line) or motor EF (ECO line)

Incisor Shaft FLX (T-0144)

Incisor shaft FLX with guard, with incisor wheel S1, connects to flexdrive

Profiling Shaft FLX (T-0147)

Profiling Shaft FLX without guard, with large burr P2, connects to flexdrive

Apple Core Burr A2 (T-0212)

Diamond-coated apple core burr A2 for non-guarded head

Clinic Charger (T-0129)

4 bay charger for 12V Terafloat Batteries

3Ah Battery 12V (T-0122)

12V Lithium Battery for all Terafloat motors, 3Ah rechargeable.

Pony Shaft LED (T-0157)

Pony shaft LED with built-in LED lights, with small guarded burr P1, connects to Motor L1

Pony Shaft ECO (T-0156)

Pony shaft ECO with guard, with small burr P1, connects to Motor EF

Pony Shaft FLX (T-0143)

Profiling shaft FLX without guard, with large burr P2, connects to flexdrive

WIRELESS ENDOSCOPE DS2542HD

Designed and developed by British dental expert Dr Chris Pearce. This endoscope provides a practical and affordable solution for equine dental endoscopy. Perfect for diagnosis, documentation, client consultation and follow-up.

It is extremely easy to use. The endoscope with LED lights is connected to a computer via USB connector. The computer supplies power, stores recorded images and video clips. The instrument is controlled by four push buttons on the endoscope handle. Software is included.

High-Resolution Imaging

Impeccable 1920x1080 resolution. Close focus, and enhanced LED lighting for clear visibility

Wireless & Portable Design

Stream live footage to a smartphone, tablet, or laptop via Wi-Fi from the camera system. Ergonomic handling during examinations with built in action button.

Real-Time Video & Image Capture

Record and save dental procedures for analysis, client education, or veterinary training. Compatible with [iOS/Android/Windows] devices.

Ergonomic design

The shaft allows 180° rotation and is durable and Water-Resistant

Long Battery Life

Rechargeable lithium battery with extended runtime for uninterrupted use up to 5hrs. Spare battery included.

User-Friendly Software

Intuitive app for customer selection, image storage and report generation.

VET-DESIGN POWERDENTISTRY

**PASSION
EXCELLENCE
&
INNOVATION**

VET-DESIGN, based in Saint-Gilles, France, is a passionate team dedicated to advancing the materials and techniques used in horse dentistry equipment. Their mission is to set new standards in quality and innovation for equine dental care.

VET-DESIGN provides a comprehensive range of professional equipment that is lightweight, reliable, and ultra-functional. Their burs are available in multiple diameters, shapes, and sizes to meet the specific requirements of every practitioner.

LONG & SHORT
HANDPIECES WITH
DIAMOND COATED BURRS & DISKS

LONG SHAFTS

VET DISC

VET DISC is the classic hand piece with a grinding disk. The head is very thin making it easy to reach even tight spaces.

VET SWITCH

VET SWITCH is the versatile shaft from Vet-Design. Featuring a robust grinding head with both screw-on and quick-release connections, it accommodates a wide range of burs - from the Apple Core burr to the Diastema burr. This flexibility makes tasks like smoothing sharp edges, shaping bit seats, or working on diastemata efficiently enjoyable.

CLASSIC- OR SYSTEM CLIC QUICK CHANGE

SECTIONING BURR

This hand piece is used for sectioning cheek teeth

NEW

PONY SHAFT

PONY SHAFT is the thinnest hand piece when space is tight, and ideal for miniature horses.

Long Hand Pieces are available with blue POM handle, or rubber handle, straight or curved shafts, and long, medium or short in size.

SHORT SHAFTS

CLASSIC - OR SYSTEM EASY

INCISOR HAND PIECE

INCISOR HAND PIECE

BALL HAND PIECE

ALVEOLAR HAND PIECE

BIT SEAT HAND PIECE

SYSTEM EASY - QUICK CHANGE

Short Hand Pieces are available with blue POM handle, or stainless steel handle. Hand pieces with guard are available also without guard. Burrs and disks are available in different diameters and diamond size. Sets are customizable. Contact Swissvet

COMPONENTS

Long Curved Vet Disc

Long curved VetDisc hand piece with diamond coated disk D852
T-4150 With Flexa Connection (HDE type)
T-4210 With Freedom Connection

Diamond Disc D852 T-4009

Diamond-coated disc for Vet Disc hand piece, screw on

Long Straight Vet Switch (classic)

Long straight Vet Switch hand piece for screw on burs (sold separately)
T-4161 With Flexa Connection (HDE type)
T-4219 With Freedom Connection

Apple Core Burr (Vet Switch)

Diamond-coated apple core burr for Vet Switch hand piece, screw on
T-4170 Large 22mm open Burr
T-4169 Medium 19mm dome shape Burr

Diastema Burr (Vet Switch)

Diamond coated diastema burr for VetSwitch hand piece, screw on
T-4172 Diastema Burr 32mm, 4mm dia
T-4173 Diastema Burr 17mm, 4mm dia

* CLIC *

Long Straight Vet Switch (CLIC)

Long straight Vet Switch hand piece for new CLIC system for burs (sold separately)
T-4814 With Flexa Connection (HDE type)
T-4219 With Freedom Connection

Apple Core Burr CLIC (T-4803)

Medium 19mm Apple Core burr for CLIC system Vet Switch hand piece

Diastem Burr CLIC

Diamond-coated cylindrical diastema burr for Vet Switch CLIC system
T-4807 Diastema Burr 17mm, 4mm dia
T-4808 Diastema Burr 36mm, 4mm dia

Pony Shaft with burr

Long straight hand piece with protected burr, for narrow spaces or ponies

Long shaft with Sectioning burr

Long straight hand piece with sectioning burr

Flexible drive shaft

Flexible drive shaft with inner cable and protective sheath
T-4202 VetDesign connection (HDE type)
T-4245 Freedom connection

Incisor Hand Piece

Incisor hand piece with large grinding disk with protection
T-4188 VetDesign connection (HDE type)
T-4238 Freedom connection

Ball Hand Piece

Short hand piece with ball burr (with or without protection) with burr 20mm.
T-4177 VetDesign connection (HDE type)
T-4227 Freedom connection

Bit seat hand piece

Short hand piece with long cylindrical burr (with or without protection) for Bit seat of incisor work.

* EASY *

Hand Piece Easy

Short Hand Piece with Easy Connection for Easy burs and disks
T-4835 VetDesign connection (HDE type)
T-4836 Freedom connection

Easy profiling burrs

Short conical or cylindrical burrs with Easy Connection for Easy hand piece

Easy grinding disc

Diamond coated incisor disc for Easy system
T-4828 Disc with D600 coating

DENTAL ACCESSORIES

Swissvet Standard Speculum (S-0012)

McPherson style speculum, 5 adjustment levels, stainless steel (magnetic) with BioThane straps, standard and half-circle plates

Swissvet Optimum Speculum (S-0015)

Millennium style speculum, 22 adjustment levels, stainless steel (magnetic) with BioThane straps, standard and half-circle plates

Stainless steel plates

For Std or Optimum speculum
Standard Plates (S-0050)
Half Circle Plates (S-0054)
Straight Plates (S-0058)
Endodontic Plates (S-0060)

Spreader Bar (S-0030)

Stainless steel spreader bar for full-mouth speculums (fits McPherson or Millennium type speculums)

Vienna Speculum (S-0018)

Standard-sized stainless steel speculum, with handle, with leather straps and half-circle plates (made in Germany)

Swissvet Sliverslide Speculum (S-0024)

Large sized full-mouth speculum made by Capps USA with locking slide mechanism, half-circle plates, stainless steel

Swissvet Mighty Speculum (S-0023)

Mighty full-mouth speculum made by Capps USA with half circle plates, Biothane straps, stainless steel

Taro Speculum (S-0016)

Large sized full-mouth speculum made by PZ Germany. Large adjustable half circle incisor plates to compensate overbites. Easy closing knobs. Biothane Straps. Aluminum

Pony Mighty Speculum (S-0019)

Pony-sized stainless steel speculum, Mighty style, with BioThane straps and half-circle plates (made in Pakistan)

Modified Gunther Speculum (S-0022)

Modified Gunther speculum with moveable bite plates for MITSE technique; stainless steel with BioThane strap

Swissvet Incisor Speculum (S-0026)

Incisor speculum with adjustable elastic strap

Cheek Retractor (S-0031)

Stainless steel cheek retractor

LED Head Light Terafloat (S-0005)

Rechargeable LED head light with elastic strap. Including USB charging cable.

Noonee Chairless Chair 2.0

For ergonomic work, sitting or walking without effort

Low Edition (S-0900)
High Edition (S-0901)

Flush Syringe 400mL (S-0110)

Flush syringe 400 mL, two-handed model, with spare seal

Flush Syringe 300mL (S-0111)

Flush syringe with pistol grip 300 mL, one-handed model, with spare seal

Swissvet Twitch (S-0115)

One person twitch, CLICKs onto halter. Use with caution. stainless steel.

Headstand Standard (S-0035)

Hoofjack head stand, standard model with a red base

LED Dental Mirror (S-0042)

German made illuminated dental mirror 48mm with LED light, one AA battery, with bag. Replacement mirror available upon request (S-0044)

Battery Sprayer (S-0430)

Milwaukee sprayer with stainless steel nozzle arm. 12V motor with three power settings, uses Terafloat batteries. Sprayer without battery and charger.

Headstand Articulated (S-0036)

Hoofjack head stand with advanced articulated cradle and a red base

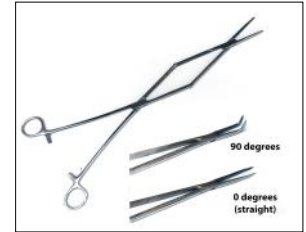

USB-Dental Endoscope (S-1880)

Rigid digital endoscope. 42cm long with USB connection. Intuitive control buttons, two LED lights and micro camera. PC/Apple compatible software included, with case.

Alligator Set (S-0409)

Set of two alligator forceps, 30cm, stainless steel.
90 degrees curved nose (S-0406)
0 degrees straight nose (S-0405)

Instrument Rack (S-0037)

Instrument rack for Hoofjack head stand

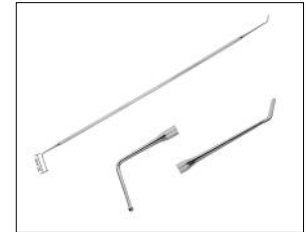

Wireless Dental Endoscope (S-1881)

Wireless endoscope WS2542HD with Full HD (1920 x 1080), LED lighting, 5V charger, two 5.0Ah batteries. Compatible with Android, iOS and Windows. Tablet not included.

Scaler Filling Instrument (S-0417)

Erbrich filling instrument for diastema treatment, with scaler end and 30mm long ball point 2.8mm, made in Germany.

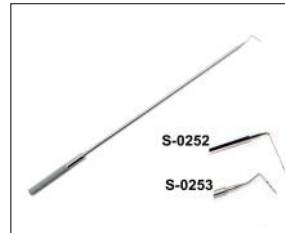

Dental Head Ring Capps (S-0038)

Equine dental ring by Capps USA, Biothane straps, rubber coated steel

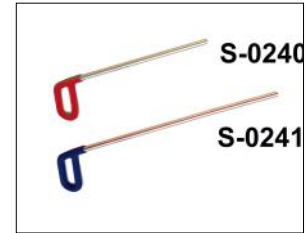

Periodontometer Set (S-0250)

German periodontometer set with stainless steel handle, 2 screw-on tips
Long 90 deg (S-0252)
Short 60 deg (S-0253)

Hippodent Handle short (S-0240) or long (S-0241)

Short 30cm and long 48cm hand float handle 30cm with pistol grip. Hippodent brand by Erbrich Germany. Without blade.

Dental Mirror 50mm (S-0040)

Dental mirror round 50mm, stainless steel with T handle.
Replacement mirror upon request (S-0041)

Examination Set (S-0400)

Examination and exploration set with 2 handles, straight (S-0403) and T-bar (S-0402), 12 screw on tips (S-0401), and pouch

Hippodent Blades with carbide chips (S-0242) Straight blade

(S-0243) Curved up blade (for caudal area)
(S-0244) Curved down blade (for rostral area)

Dental Mirror Oval 40x60 (S-0043)

Dental mirror oval 40-60mm, stainless steel with T-handle.
Replacement mirror upon request (S-0047)

Trepanation Set (S-0410)

Trepanation set, two burs, 19mm, 22mm stainless steel

S-Float (S-0101)

S-shaped hand float with carbide chips (made in Germany)

DENTAL ACCESSORIES

Instrument Box with lid

Instrument box , Stainless with lid.
S-0203: 20x10x5cm, for Wolf Tooth
Extraction Set
S-0207: 30x15x7cm, for Incisor Ex-
traction Kit,

Wolf Tooth Set Small (S-0201)

Wolf tooth extraction set with 3 eleva-
tors, 2 forceps, and pouch

Wolf Tooth Set Large (S-0202)

Wolf tooth extraction set with 5
elevators, 5 forceps, one scaler, and
stainless steel instrument box

Wolf Tooth Elevator (S-0150-154)

Wolf tooth elevator, single instrument.
S-0150 straight, S-0151 Right,
S-0152 Left, S-0153 buccal,
S-0154 palatal. Stainless steel.

Wolf Tooth Forceps (S-0165-169)

Wolf tooth forceps, single instrument.
S-0165 fine, S-0166 medium,
S-0167 large, S-0168 90d up,
S-0169 90d side. Stainless steel.

Wolf Tooth Elevator Set Long (S-0204)

Set of 3 stainless steel elevators and 4
forceps, 30 cm long.

Wolf Tooth Set Long (S-0200)

Set of 3 stainless steel elevators and 4
forceps, 30 cm long.

Incisor Spreader (S-0311)

Incisor Spreader, 22cm, stainless steel

Incisor Forceps (S-0302)

Stainless steel forceps with 25cm
handle

Incisor Forceps 90 Deg (S-0310)

Incisor forceps 90 degrees for loosen-
ing of incisor teeth, stainless steel

Elevator Fine (S-0306)

Fine elevator for fragment removal.
Stainless steel

Chisel Set - Incisor S-0425)

Stainless steel chisel set for incisor
extraction. Two straight chisels (3mm
and 5mm) two curved chisels (3mm
and 5mm), robust elevator and two
round elevators

Incisor Flex Chisel Set (S-0440)

Flex Chisel set consisting of handle (S-
0441), changing key (S-0442) and
three flexible blades (4x40: S-0443,
4x60: S-0444, 6x40: S-0445)
Stainless Steel and Delrin handle.

Mallet light 250gr (S-0312)

Stainless steel mallet, 22cm, 250gr

Malet 750gr (S-0305)

Stainless steel mallet, 18cm, 750gr

Incisor Extraction Set (S-0301)

Two incisor forceps: Gooseneck and
90 degree, spreader, mallet, fine
elevator, incisor flex chisel, three
blades with changing key, incisor
chisel set of 7; stainless steel with case

Gingiva Elevator Set (S-0418)

Set of 2 stainless steel T-bar handle
elevators for gingiva or fragments

Molar Caps Forceps set (S-0220)

Set of two 30cm flat jaw forceps for caps removal, straight and curved for maxillary and mandibular deciduous cheek tooth removal

**Universal Fragment forceps (S-0321)**

Universal, strong fragment forceps, 50mm nose, 30 cm long, stainless.

**Fulcrum Set (S-0236)**

Fulcrum set with handle and 7 aluminum blocks,

**Reverse Molar Forceps straight (S-0242)**

Reverse Molar extraction forceps for first cheek tooth, straight, stainless steel, 30 cm

**Molar Fragment forceps set (S-0320)**

Set of three molar fragment forceps, stainless steel.
20mm nose (S-0317)
40mm nose (S-0318)
60mm nose (S-0319)

**Molar Extraction Universal small (S-0224)**

Stainless steel forceps with flat serrated 1/2" jaw, 48cm round handle

**Reverse Molar Forceps curved (S-0239)**

Reverse Molar extraction forceps for first cheek tooth, curved, stainless steel, 30 cm

**Molar Extraction Forceps 3P Left (S-0226)**

Stainless steel 3-prong (one left) forceps with 48cm round handle

**Molar Forceps Universal large (S-0229)**

Stainless steel forceps with flat serrated 1" jaw, 48cm round handle

**Molar Extraction Set (S-0225)**

Stainless steel extraction forceps set with (1) 3-prong left, (1) 3-prong right, (1) 4-prong, (1) molar spreader, and transport pouch

**Molar Extraction Forceps 3P Right (S-0227)**

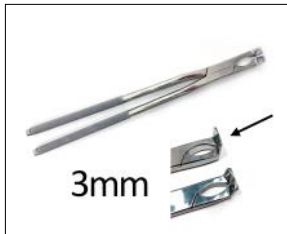

Stainless steel 3-prong (one right) forceps with 48cm round handle

**Universal Extraction Forceps Concave SM (S-0323)**

Extraction forceps with small concave nose, 30 cm long.

**Molar Spreader Long 3mm (S-0231)**

Stainless steel standard spreader with 3mm blades and 48cm round handle

**Molar Extraction Forceps 4 prong (S-0228)**

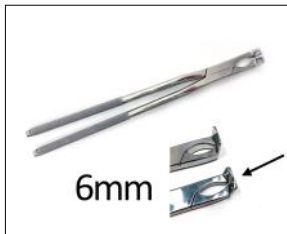

Stainless steel 4-prong forceps with 48cm round handle

**Universal Extraction Forceps Concave LG (S-0324)**

Extraction forceps with large concave nose, 30 cm long.

**Molar Spreader Long 6mm (S-0238)**

Stainless steel standard spreader with 6mm blades and 48cm round handle

**Molar Extraction Forceps 4 prong Pony size (S-0233)**

Stainless steel pony sized 4-prong forceps with 48cm round handle

**Hexagonal Elevator Set (S-0419)**

Gingiva and molar fragment elevator set with 2 T-bar handles and 12 inserts (4x3pc), stainless steel
