

Your Hearing. Your Health. Your Life.

Offering better hearing solutions for all needs and budgets!

**The latest in digital hearing technology,
Oticon Own™:**

- Our invisible-in-canal (IIC) style is invisible in 9 out of 10 ears for more discreet hearing.*
- A customized fit, tailored to your individual ear shape for all-day comfort.
- Exceptional sound quality, maintaining precise balance between speech and other sounds.
- Built on BrainHearing and designed to support your brain’s natural way of working.
- Connect seamlessly! Enjoy hands-free communication using your Oticon Own hearing aids as a headset to connect wirelessly to your phone or tablet.**

*Rumley et al. (2022). Oticon Own evidence. Oticon Whitepaper. **Only available in styles with 2.4 GHz. See which hearing aids and devices are compatible at oticon.com/support/compatibility.

What does Oticon Jet PX offer?

A built-in Deep Neural Network that’s affordable.

The DNN is a built-in form of artificial intelligence, trained on 12 million real-life sound scenes.

- Powered by BrainHearing™ technology for more natural sound, and built with a Deep Neural Network that adapts to your environment
- OpenSound Navigator™ keeps speech clear in noisy settings
- Rechargeable for all-day power without the hassle of batteries
- Bluetooth® streaming for music, calls, and media, and offering smartphone connectivity for easy control and customization

Know exactly who you’re trusting with your hearing.

At Finally Hear Hearing Aid Center, owner Christopher Macrides brings over 35 years of experience and personally performs every hearing test. Unlike big-box chains, you’re not just a number – you’re part of the community. With a local expert who truly cares, you’ll receive attentive, personalized care from someone who’s here for the long haul.
