The Engineering Shedd, LLC provides in-house PE and SE review sealing capabilities for 47 States. With a vast majority of the United States covered in house, our customers receive a quick turn-around, many times within 24 hours.

Additional States, Provinces, Territories, and North American Countries are readily available through Chubb Engineering, LLC.

Structural Engineer (SE) seals are also available where it is specifically required.

We can also provide ME and EL seals for most states if either of these specific fields of engineering expertise are required.
