About Us

Enhancing Performance and Style with Innovative Exhaust Solutions

Welcome to the Exhaust Pipes & Tips catalog from Invicta Exhaust Systems & Emission Technology. Our product range is crafted to deliver a seamless combination of performance, durability, and aesthetics, making it the ideal choice for automotive manufacturers, aftermarket specialists, and performance enthusiasts.

At Invicta, we understand that exhaust components are more than just functional parts—they are vital contributors to engine efficiency, emission control, and vehicle identity. Our exhaust pipes are designed to ensure optimized exhaust flow and reduced backpressure, while our precision-engineered tips add a stylish finishing touch that enhances both sound and visual appeal.

Why Choose Invicta Exhaust Pipes & Tips?

Engineered for Performance – Maximized exhaust flow for better power and efficiency.

Built to Last – Manufactured with high-quality, corrosion-resistant materials to withstand extreme conditions.

Distinctive Style Options – From classic finishes to modern designs, our tips deliver a refined appearance and signature sound.

Sustainability Focused – Designed with innovation and environmental responsibility at the core.

As a part of Rex Consolidated's Invicta brand portfolio, our exhaust solutions reflect decades of expertise in precision engineering, global sourcing, and quality assurance. Every pipe and tip is developed to meet international standards, ensuring reliability and performance across diverse applications.

At Invicta Exhaust Systems, we don't just manufacture exhaust components—we create solutions that elevate the driving experience while supporting a cleaner, greener future.

Exhaust Raincaps

Rain caps are hinged covers that prevent precipitation and foreign objects from entering the exhaust system while still allowing exhaust flow to exit.

- Invicta offers an extensive selection of rain caps for exhaust systems.
- Our rain caps are available in Zinc Plating, Stainless Steel 304, Stainless Steel 316, Powder Coating, and Chrome Plating
- Invicta offers rain caps in multiple designs and sizes to ensure effective performance.
- Our choice of high quality materials ensures low risk of stress during exhaust gas flow.
- By request, custom sizes can be produced upto 500mm.
- The choice of rain cap should be made according to the exhaust pipe diameter.
- All rain caps are produced in-house at our dedicated factory in India.
- Quick Short-Term deliveries are possible due to our large stock.
- All rain caps are supplied together with Bolt, Nut, and Washer
- Our noiseless/silent rain caps are rattle resistant.
- Our rain caps are suitable for use in passenger vehicles, commercial vehicles, construction equipment, engines, tractors, farm equipment, and generators.

OTHER FEATURES

- Minimal Restriction to Exhaust Flow
- Counter-weighted for optimal performance
- High-heat black powder coating can be provided.

Raincap Type A (Noiseless)

Available in : Zinc Plating, Chrome Plating, Stainless Steel 304, Powder Coating
Custom Sizes available upon request

Pre-Assembled with DIN603 Carriage Bolt, DIN934 Nut, and DIN127 Spring Washer
Stainless Steel rain caps are pre-assembled with DIN933 Stainless Steel Bolt, Stainless Steel Nut, SS Washer

Size (in MM)				
45.5mm	80.5mm	115.0mm	180.0mm	300.0mm
50.5mm	85.5mm	120.0mm	203.0mm	
60.5mm	90.5mm	127.0 MM	209.0mm	
63.5mm	100.5mm	130.5mm	215.0mm	
68.5mm	102.5mm	139.0mm	255.0mm	
70.5mm	108.5mm	152.0mm	273.0mm	
75.5mm	110.0mm	168.0mm	275.0mm	

Raincap Type B (Noiseless)

Available in : Zinc Plating, Chrome Plating, Stainless Steel 304, Powder Coating
Custom Sizes available upon request.

Size (in MM)	
45.5mm	80.5mm
50.5mm	90.5mm
55.5mm	100.5mm
60.5mm	110.5mm
65.5mm	114.0mm
70.5mm	120.0mm
76.5mm	130.0mm

Raincap Type C (Noiseless)

Available in : Zinc Plating, Chrome Plating, Stainless Steel 304, Powder Coating
Custom Sizes available upon request

Fitted with Polyamide Bushes and Polyamide Noise Buffer.
Optionally available with Brass Bushings or Stainless Steel Bushings
Optionally available with back-portion cut-off to prevent obstruction at surface-level applications
Optionally available with Aluminium Noise Buffer.

Size (in MM)	
45.5mm	100mm
50mm	115mm
60mm	120mm
70mm	127mm
75mm	152mm
80mm	160mm
90mm	200mm

Raincap Type D (Noiseless)

Available in : Zinc Plating, Chrome Plating, Stainless Steel 304, Powder Coating
Custom Sizes available upon request.

Size (in MM)	
45.5mm	90mm
50mm	100mm
60mm	115mm
70mm	120mm
75mm	127mm
80mm	152mm

Raincap Type E (Noiseless)

Available in : Zinc Plating, Chrome Plating, Stainless Steel 304, Powder Coating
Custom Sizes available upon request

Pre-Assembled with DIN603 Carriage Bolt, DIN934 Nut, and DIN127 Spring Washer Stainless Steel
rain caps are pre-assembled with DIN933 Stainless Steel Bolt, Stainless Steel Nut, SS Washer

Size (in MM)				
45.5mm	80.5mm	115.0mm	180.0mm	300.0mm
50.5mm	90.5mm	120.0mm	203.0mm	
60.5mm	100.5mm	127.0mm	209.0mm	
63.5mm	102.5mm	139.0mm	255.0mm	
70.5mm	108.5mm	152.0mm	273.0mm	
75.5mm	110.0mm	168.0mm	275.0mm	

Raincap Mini

Available in : **Zinc Plating**

Features :

Easy to use and install.

Fixed in place with screw or rivet

Size (in MM)
30-52mm
53-78mm
79-88mm
89-113mm

Exhaust Raincap - Ultra Heavy Duty

Available in : Zinc Plating, Chrome Plating, Stainless Steel 304, Powder Coating
Custom Sizes available upon request

Pipe Diameter
200mm
219mm
250mm
300mm
323mm
350mm
400mm
458mm

Chimney Cowl

A chimney cowl is an essential fitting designed to improve the efficiency, safety, and durability of your chimney system. It is fitted at the top of the chimney pot and acts as a protective cover, preventing downdrafts, blockages, and damage caused by external elements.

Key Features:

- **Prevents Downdraft:** Helps stop smoke from blowing back into the room by deflecting wind away from the chimney.
- **Weather Protection:** Shields the chimney from rain, snow, and strong winds, ensuring smooth ventilation.
- **Bird & Debris Guard:** Stops birds, leaves, and other debris from entering and clogging the flue.
- **Durable Construction:** Made from high-quality stainless steel / galvanized steel / aluminum (customizable), ensuring rust-resistance and long service life.
- **Easy Installation:** Simple to fit on most chimney pots with secure fixing options.
