**Pontius Pilate found no fault in Jesus the charges brought against Christ from the people was ridiculous. It was charges like -Jesus he looks to good everywhere he goes, he stirs up love, -he smiles too much. Jesus knew he was lied on and he didn't reply to the charges against him he ignored them. God knew the only real attention the liars could get in him ignoring them was in bringing his name up. Amen! Pilate ordered the death of Jesus Christ our God because people found pleasure in seeing someone that was beautiful, smart, strong, and doing the right things go down.**

Me I'm A Generational Curse Breaker we might have started together but that don't mean we was going to finish together.

What others should learn From the Works Of Christ Advocating for people: Helping people that don't help you or themselves. Forgive Them Father For They Know Not How They Hate/ Forgive Them Father For They Know Not What They Do!
