

26-27 Pricing and Options

There are two styles of traps: cross style (top) and H-style (bottom).

Masts measure about 31" x 7/8" x 3/4". Arms measure about 24" x 3/4" x 3/4". Flags are 3.5" x 4.25" and stand close to 36" above the ice. The wood is red or white oak. A 4" aluminum reel is standard. A blaze red or orange vinyl flag (7oz/yard) is included along with matching reflective tape on the mast and reel.

Nuts, bolts and washers are stainless steel. The reel drag nylon-lock wing nut is zinc-plated. Reels are made using aluminum and brass components. The drag uses a nylon washer and stainless-steel spring. H-style traps use aluminum spacers between the mast and arms. Flag wires, flag spring, flag brackets, trip tubes, trip wires, tube clips and wood screws are stainless steel.

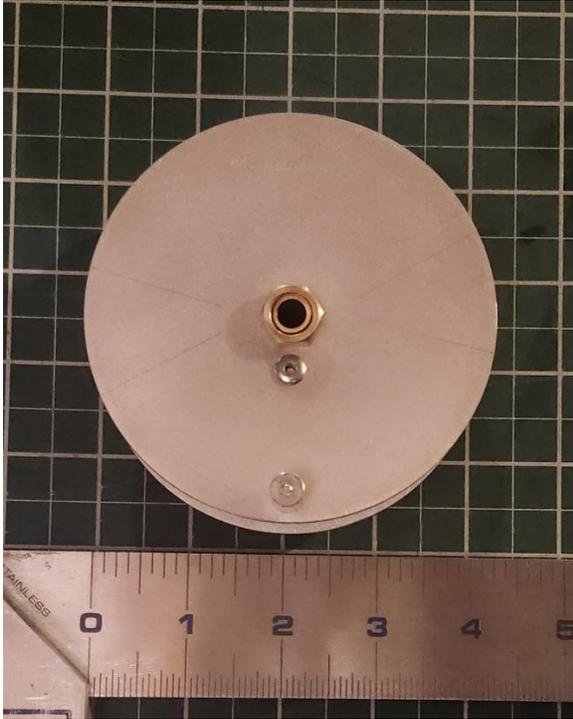

Additional reflective tape is available as well as other flag options (reflective orange, heavy duty black, heavy-duty red.)

Traps are made from red oak.
