

## **The First PTM of Academic Year 2026-27 on 09 May 2026 (Sat)**

First paragraph of the **CBSE parenting calendar session 2026-27** reads thus -

*“Parenting today is both deeply rewarding and increasingly complex. As children navigate a fast-changing world shaped by new learning environments, evolving expectations, and diverse influences, the role of parents becomes even more significant in providing stability, guidance, and emotional grounding. A child’s development is most meaningful when supported consistently across both home and school.”*

### **“Both home and school” – the key phrase**

We, at the school, have a unique opportunity to interact with the students at multiple levels. Not just academics, students discuss their personal issues with their favourite teacher. We consider it to be a badge of honour.

PTM is a formal platform where the teacher informs the parent about not just the academic progress, but also give an insight to the general conduct of the child. The parent, in turn, share their perception about the academic progress and general conduct. This interaction aligns the two worlds the child occupies – home and school. All this for only one outcome – how to make the child the best version of herself/himself.

### **“Both home and school” – effect on the student**

We, at the school, see a positive impact on students where parent and teachers are aligned. From increased participation in school activities to better marks in the exams, it’s a manifold improvement.

**Our first PTM of the academic year 2026-27 is scheduled on 09 May 2026 (Saturday) between 0900 am to 12 noon.**

Kindly attend, interact, share and ultimately, show to our students that parents and teachers are aligned.
