

# Sivoia QS

Triathlon Shading Solutions

**A fashionable, flexible, and affordable  
automated shading system for any home**

# Sivoia QS Triathlon shading solutions

The most fashionable, flexible, and reliable automated shading system available today.

## The Lutron Difference

### Why choose Sivoia QS Triathlon?

- Industry-leading battery performance
- Easy-to-change batteries
- Ultra-reliable radio frequency technology
- Quiet, precise movement
- Aesthetically pleasing, intuitive controls
- Seamless integration with Lutron whole-home control systems

## Power options

- Choose from battery or wired powered shades

## Styles

- Available in roller or insulating honeycomb shade styles in a wide variety of beautiful colors, fabrics, and textures

Sivoia QS Triathlon shades are available in two window treatment styles to meet all of your design needs.

Roller shade

*Roller — Monomer in Dusk*

Insulating honeycomb shade

*Rio — Light-filtering, Single Cell in Burgundy*

# The benefits of Sivoia QS Triathlon shading solutions

Lutron Sivoia QS Triathlon shades offer incredible value, backed by the quality of the Lutron brand.

## Add convenience

- Adjust shades with a wire-free handheld or wall-mounted control from anywhere in the room
- A single button press adjusts hard-to-reach window treatments
- Cord-free design makes this solution safe for homes with young children or pets
- Lutron mobile app provides shade control via a mobile device, whether you're home or away

*Monaco — Light-filtering Single Cell in Shell*

## Enhance your décor

- Choose from beautiful fabrics, colors, styles, and textures
- Give your room a crisp, clean look that complements many decorating styles

*Roller — Bistre in Nutmeg*

## Save energy

- Lower shades in summer to insulate the space and help reduce cooling costs
- Raise shades in winter to let sun in during the day, then lower them at night to trap the day's heat, reducing heating costs
- Insulate your home effectively with the heat-trapping air pockets of insulating honeycomb shades, which enhance energy efficiency

*Rio – Light-filtering Double Cell in Storm*

## Integrate seamlessly

- Sivoia QS Triathlon shades are the only battery-powered shades available today that integrate seamlessly with a whole-home control system such as Caséta, RA2 Select, RadioRA 2, or HomeWorks QS
- Control your shades in conjunction with your lights — and transform your space for any activity

*Refer to pages 12-13 for integration options*

*Bistre fabric in Pearl Linen*

# Key applications for Sivoia QS Triathlon shades

Our shades are perfect for spaces where you want to add a touch of luxury or provide privacy at your fingertips.

*Loom fabric in Havana*

## Family room

### Visual appeal

Shade your space with style. Not only will your shades block the glare on your television screen, but they will operate in perfect unison and stay aligned with shades in adjacent windows.

Before

*Monomer fabric in Dusk*

## Bathroom

### **Relax and unwind**

With your handheld remote, you can adjust the position of your shade mid-soak, giving you the privacy and ambiance you need to decompress.

Before

# Sivoia QS Triathlon roller shades

A contemporary and stylish window treatment that combines superior functionality with a clean and elegant aesthetic.

- Roller shades sizes available as wide as 144" and as tall as 144"
- Triathlon WIDR headrail accommodates large-sized shades (shades greater than 8' wide)
- Uses store-bought D-cell batteries
- Battery Boost is available to extend battery life up to 80% or up to 6 years
- Plug-in power options also available

Shades are controlled with a Pico wireless control or integrated into a whole-home control system

Designer hembar style offers a clean aesthetic that complements the chic look of the roller shade panel

Choose the headrail option that meets your style needs

## Fabric options

Shades are available in a wide variety of fabric colors and textures. Choose from sheer, translucent, and blackout fabrics.\*

### Sheer

- Open weaves preserve views to outside and filter sunlight
- Ideal for rooms where you don't need complete privacy

### Translucent

- Tighter weaves transform harsh daylight into a soft, filtered glow
- Provides increased privacy for spaces like bathrooms

### Blackout

- Opaque fabrics block light from entering the space
- Ideal for bedrooms and media rooms for complete privacy

## Patented headrail design

Innovative headrail simply tips forward to reveal the battery tray — without taking the shade down

Tip down the headrail.

Change the batteries.

## Top treatment options

Sivoia QS Triathlon shades are available with three different top treatment options to tailor the solution for any space. Each option is available in standard or WIDR to ensure a consistent aesthetic.

**Architectural Fascia**

**Fabric-Wrapped Fascia**

**Exposed Headrail**

**Exposed WIDR Headrail**

## Sivoia QS Triathlon insulating honeycomb shades

A stylish, functional, automated shade that provides convenience, enhances your décor, and also saves energy.

- Insulating honeycomb shades available up to 96" wide x 96" tall
- Uses store-bought batteries
- Plug-in power options also available

Shades are controlled with a Pico wireless control, or integrated into a whole-home control system

Color-matched headrail can be installed on its own or paired with your own top treatment

## Fabric options

Shades are available in different light transmittance options, as well as a variety of colors and textures.

### Sheer

Designer fabrics that allow daylight to transmit through the shade and also allow views to the outside.

### Light-Filtering

Fabrics that allow daylight to transmit through the shade, but limit views to the outside. Available in single-cell or double-cell options.

### Room-Darkening

Fabrics that utilize a room darkening lining to eliminate light transmission through the shade and block views to the outside. Available in single-cell style.

## Patented headrail design

Our exclusive Tap n' Tilt technology makes changing the batteries a breeze, without ever removing the shades.

Simply press the release buttons, allowing the headrail to tilt forward.

Change the batteries.

And snap the headrail back in place.

# Shade control options

Sivoia QS Triathlon shades can be integrated into a whole-home control system or used as a shade-only solution.

## Shade-only solution

**Pico wireless controls** — You can mount this flexible, battery-operated control on a tabletop pedestal or to a wall (without cutting holes or running wire).

## Whole-home control solutions

Sivoia QS Triathlon shades integrate with Lutron Caséta\*, RA2 Select, RadioRA 2, and HomeWorks QS systems. With a system, you can control your shades from a keypad, through a timeclock or third-party integration, or from your mobile device.

### Keypads and single-room scene controls

You can control system-integrated shades from wall-mounted or tabletop keypads or controls.

With one button press, you can dim your lights, adjust the temperature and turn on/off standby power to small appliances, creating an environment that's both comfortable and energy-efficient.

#### **Pico scene keypads**

Works with any residential system

#### **seeTouch keypads**

Works with RadioRA2 and HomeWorks QS systems

#### **GRAFIK T keypads**

Works with RadioRA 2 and HomeWorks QS systems

#### **Palladiom keypads**

Works with HomeWorks QS systems

\* Smart Bridge PRO required for Caséta integration.

## Whole-home control solutions (cont'd)

### Timeclocks

A timeclock works in conjunction with a home-control system to automatically raise or lower your shades based on programmed times.

### Mobile devices

If you have a Lutron home system, you can control your shades from your mobile device with a Lutron app — as well as lights, temperature, music, and standby power to small appliances — even when you're away from home.

Works with both Android™ and iOS devices.

### Third-party integration

Shade control (as well as lights) can be integrated with other manufacturers' systems, such as audio/visual, for another level of control.

# Power options

Sivoia QS Triathlon shades can be powered by batteries, plug-in power supplies, or power panels. Coordinating manual shades are also available.

## **Batteries**

Batteries are a cost-effective option that guarantee easy maintenance. Battery-powered shades are the best choice for applications that require a wire-free solution (such as French doors), making these shades ideal for any phase of the construction or renovation process.

## **Plug-in power supply**

A plug-in power supply is convenient when shades are installed in a hard-to-reach area, making it difficult to change the batteries.

## **Power panels**

A power panel can be used to power up to 10 shades, and is ideal for installations during renovation or new construction. Shades are wired directly to the panel and don't use batteries.

## **Cordless manual options**

Manual options are available to coordinate with all of your automated window treatments.

# Sivoia QS Triathlon

Superior system shading designed to outperform

Simple power options

Instant digital response

Precision hybrid drive

Synergistic performance

**Simple power options** — Makes installing shades easy and affordable — even if you can't pull wires.

**Instant digital response** — Immediate reliable response to RF system commands, even with battery-powered shades. Shade returns to Eco mode when not in use to preserve power and minimize vampire loads.

**Precision hybrid drive** — Combines low power requirements with stored energy to move shade while maintaining precision alignment for superior aesthetics.

**Synergistic performance** — Triathlon combines these three elements to deliver the most reliable, power-efficient shading system available today.

## The Lutron Difference

When you choose Lutron, you're choosing a manufacturer with a history of innovation — and the leader in the automated shading category since 2003. So when you purchase our Sivoia QS Triathlon shades you can be confident you're getting a quality product, backed by our commitment to reliability (we offer 24/7 customer support).

### **Sivoia QS Triathlon shades offer:**

- Incredible value and a beautiful solution at an affordable price
- Cutting-edge technology
