

GDR Mektek Pvt Ltd

Railway Products Division

A spin off company from GD GROUP, which has provided import substitute hi-tech solutions to Auto, Aerospace, Defence and Railways verticals. We have set up a dedicated Railway product division to cater to the ever growing and challenging Railway sector.

We have successfully received RDSO approval for manufacturing 6000 sets of BMBS Air brake system under license from Escorts Railway Equipment Division. Now, GDR Mektek is gearing up to take up innovative solutions to Railways by providing new innovative products such as Dampers, Pneumatic slack adjusters and Coupler with dampers.
