

Innkeepers Insurance Review^(08/18)

Acknowledgement

By signing this document, I acknowledge and confirm my understanding that the policy review, coverage suggestions, proposal review, proposal suggestions and proposal comparison conducted by the firm known as Innkeepers Insurance Review is intended to give an overview of coverages and exclusions; **the review does not guarantee, in the event of a loss, that coverage is in force or a claim will be paid.**

Further, I acknowledge to fully understand the coverages, extensions, additions, limitations, and exclusions contained within my policy, I need to read my insurance contract (policy) in its entirety and discuss the coverages, extensions, additions, limitations, and exclusions with my insurance agent.

I also understand that Innkeepers Insurance Review is not a re-build appraiser and any re-build amounts discussed for my building(s) are merely suggestions; to obtain the actual re-build amount for any building would necessitate the services of a re-build appraiser.

In addition, I understand that any discussions concerning the amount of business income coverage I need and the replacement cost amount of my contents are suggestions. In order to determine the actual amount of business income coverage I need I should consult with my accountant and to determine the amount of contents coverage I need a replacement cost inventory of every room in every building should be conducted.
