POWER COMPANY

Source Power Brings Community Solar to Bethel!

As part of their mission to create a sustainable future, the Town of Bethel is partnering with Source Power to make Community Solar with Guaranteed Savings available to ALL residents.

Source Power Company is an authorized energy retailer and community solar provider serving New York State.

- Free Subscription with No Cancellation Fees Ever!
- Support Renewable Energy Production from the Bethel Solar Array, See the Benefits Right Away!!
- Save 10% Every Month **GUARANTEED!!!**

What is Community Solar?

"Community Solar" is a solar energy sharing program. Specifically, it's a field of solar panels that have been installed to allow area residents access to the clean, renewable energy that these panels generate.

Renewable solar energy from our solar farm(s) is sent directly to the local power grid. And subscribers receive solar credits to lower their electricity costs.

Our system automates everything, and you'll enjoy renewable solar credits on your utility bill every single month.

HOW DO I SUBSCRIBE?

All you need is your utility account number to use any of these easy enrollment options!

1. Scan the QR code here with your smartphone camera to go directly to signup page
2. Call us directly at 888-887-5711
3. Visit bethel.sourcepowerco.com

Supervisor Daniel Sturm:

"The Town of Bethel is proud to offer its residents and businesses the opportunity to save money AND go 100% renewable! Through the new community solar installation located on the Town's capped landfill, the Town will secure all of its electricity needs from renewable energy at a discount and enable all residents and businesses to do the same. It is our Town's most recent step towards ensuring a more sustainable future. We hope that you will join us and subscribe!"
