

EXPERIENCE

Corman and Associates, for over 70 years, has specialized in crafting customized fixtures and decor to transform any retail space. Our products are built to complement our customer's retail environment in a creative and functional way, ensuring that THEIR customers will enjoy their retail experience. Our customers range across a wide number of industries, but whatever it is that brings people to our customers, we can build a retail environment that will help ensure that they come back.

Busch Gardens - Jungala

Aquarium of the Pacific

Rainforest Cafe

FIXTURES

Although each store that Corman and Associates has crafted over the years has its own specific design and feel, certain fixtures have proven so invaluable to any retail environment that they have become constants for the stores that we design; including a great deal of the retail spaces that we have helped create for theme parks, aquariums, and countless others.

Busch Gardens

Busch Gardens - Canada Store

Sea World

CUSTOMER SERVICE/ POS

Arguably the most important piece of furniture in your business. The spot where you interact with your customer. Appearance, function and placement are critical factors. Also, the most versatile item in shape, finish, function and accessories.

Cashwrap/POS

TABLES

Tables are perhaps the most versatile fixture that can be found in any store. Seemingly simple, tables can be used to display almost any type of merchandise in a countless number of ways. For this reason, tables have become one of the most standard fixtures found in almost any retail space.

LEGOLAND - Nesting Tables

PERIMETER WALL CABINETS

Your stores perimeter walls will hold the bulk of your merchandise as well as the signage that promotes your product and services.

Although highly customizable, the general design and construction of any perimeter wall cabinet follows a certain process from design through construction, a process that we have managed to streamline and perfect over many years of operation.

Old Faithful Inn -Yellowstone

Gettysburg Museum

Standard Perimeter Cabinet - With Optional additions.

PLUSH/ROUND FIXTURES

Plush fixtures are a perfect example of a cross between form and function. The round fixtures offer 360 degree visibility and accessibility to the product, and often doubles as a focal point of the retail space.

Cincinatti Zoo - Children's Store

Aquarium of the Pacific

Discovery Park

ABOUT US

For over 70 years, Corman and Associates has been finding innovative ways to weave function into forms that delight both retailers and their customers. We find ways to increase value, reduce costs, and solve problems wherever they might arise. Our products give our customers a tangible advantage over their competitors. Our prices are competitive, and our industry experience is your advantage. Give us a call.
