TABLE OF CONTENTS

Introductory Note

YES Designs Corporation has been established as an initiative to innovate professional services in the design & build industry and is composed of a team of professionals, from engineers, architects, designers, builders and artisans.

YES Designs caters to your needs from Architectural to Interior Design with expertise in Residential & Commercial Projects. Our services range from planning & design, implementation & construction, furnishing, and decoration until completion.

Your professional design and build partner in taking your vision from action to completion

About the Company

Founded in 2021, YesDesigns Corporation specializes in interior design, architecture, and construction. With a team of experienced professionals, we deliver innovative and high-quality projects that transform spaces. From concept to completion, we ensure every project meets the highest standards of design and functionality.

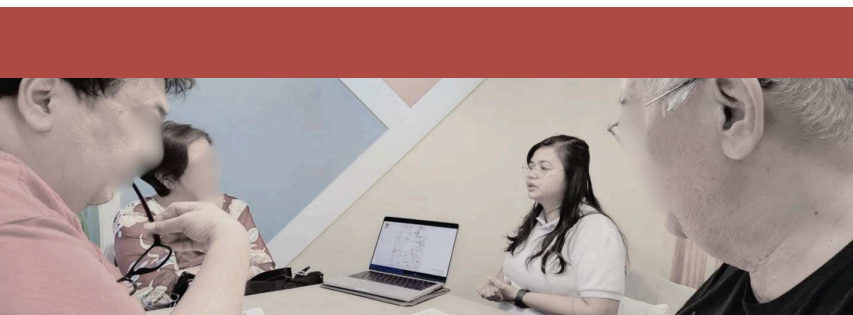

Key Achievements

At YesDesigns, we create innovative spaces that enhance the daily experiences of users. By focusing on client needs and sustainable design, we deliver functional, aesthetically pleasing environments that improve day-to-day life.

Corporate Vision

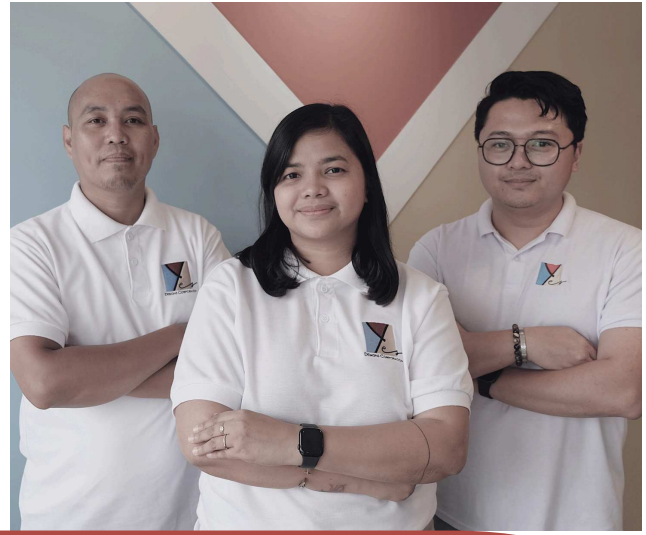

Our vision is to become the design and build company of choice for construction projects, both locally and internationally. We strive to be recognized for our commitment to excellence, innovation, and sustainability in every aspect of our work. By combining creative design with top-tier construction expertise, we aim to deliver exceptional spaces that improve the functionality, comfort, and overall experience of our clients.

Through continuous growth, collaboration, and a passion for delivering outstanding results, we aspire to set new industry standards and build lasting relationships with clients across the globe.

Corporate Mission

Our mission is to create architectural and interior designs that cater to the unique lifestyles and needs of our clients.

We are dedicated to delivering exceptional quality in every project, ensuring that each design not only meets but exceeds expectations.

By blending creativity with functionality, we build spaces that enhance the quality of life, fostering environments that are both inspiring and practical for those who use them.

PROJECT PORTFOLIO

PROJECT SEED

LOCATION:

BONIFACIO ST, POBLACION, DAVAO CITY, PH

A two-storey office for a leading land development corporation in Mindanao, designed with an Industrial Minimalist approach that balances function, aesthetics, and well-being. Exposed ceilings, steel accents, and concrete textures are softened by natural materials and greenery. The result is a refined, modern workplace built for approximately 90 employees.

People-centered design drives every decision – natural light, indoor planting, and open circulation create a healthy and collaborative environment. Well-defined work zones and strategically placed conference rooms support productivity and coordination across departments. A progressive workspace that reflects innovation, efficiency, and human-centered design.

PROJECT PORTFOLIO

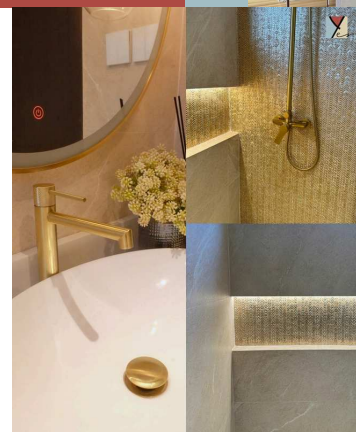

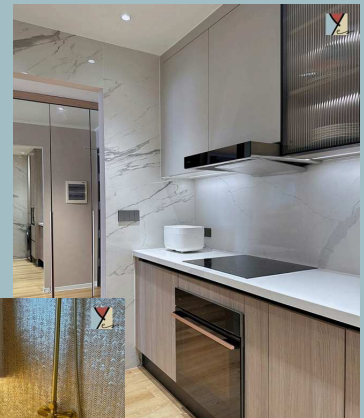

PROJECT GRACE

LOCATION:
PENTHOUSE, IVORY
RESIDENCES, DAVAO CITY, PH

From soaring floor-to-ceiling glass windows that frame the city beyond to a striking gallery wall anchored by a bespoke, comfortable sofa, the space seamlessly flows into an inviting, light-filled dining area. Easily accessible yet neatly tucked within the same space is a multi-functional kitchen finished in premium materials, along with a lavishly styled powder room, details that elevate the entire living space into modern luxury.

PROJECT PORTFOLIO

PROJECT JACE

LOCATION: URAYA RESIDENCES,
DAVAO CITY, PH

The design embraces an Organic Tropical Contemporary style – warm, minimal, and rooted in natural elegance. Softened by organic forms and light oak wood, the space is a calm sanctuary for a couple and their three beloved dogs. Neutral tones, natural finishes, and textured fabrics complete a serene, grounded atmosphere.

The layout is open and uncluttered, with clean lines balanced by curved forms and organic textures throughout. Natural light, indoor greenery, and seamless indoor-outdoor flow bring a quiet tropical energy into everyday living. Durable, pet-friendly materials and open circulation ensure comfort and ease for both the homeowners and their dogs.

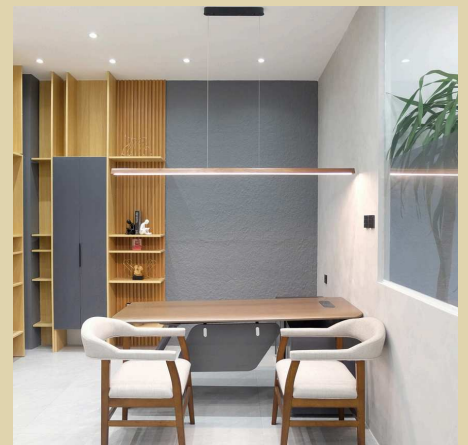

PROJECT PORTFOLIO

PROJECT ELENA

LOCATION:
GE, TORRES STREET, DAVAO CITY, PH

Two distinct worlds – law and luxury – united within one thoughtfully designed space, where a law office and jewelry business seamlessly coexist. Refined textures, deliberate patterns, and timeless finishes tie it all together, proof that in design, as in life, it's the little things that make all the difference.

PROJECT PORTFOLIO

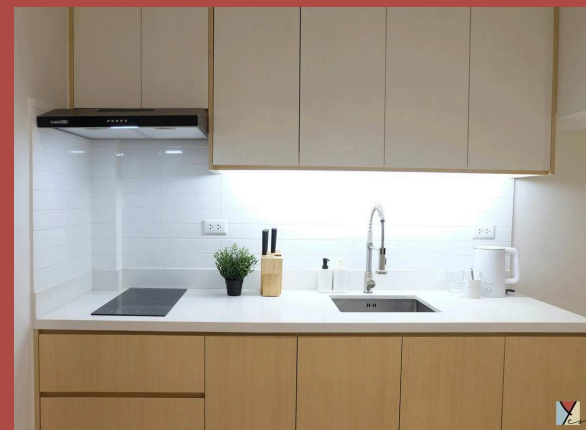

PROJECT OH

LOCATION: NARRA PARK RESIDENCES,
MANDUG, DAVAO CITY, PH

After years of working abroad, our client – an OFW with dreams rooted in simplicity – longed for more than just a house. She envisioned a sanctuary where life could finally slow down, where she could breathe, feel grounded, and rediscover stillness.

Project OH: Organic Harmony is her story of coming home. A space that honors her resilience, celebrates the beauty of natural balance, and gives her the haven she always deserved.

PROJECT PORTFOLIO

PROJECT SOLACE

LOCATION:

ONE OASIS, ECOLAND, DAVAO CITY, PH

SOLACE is a home designed to feel like a quiet exhale at the end of the day. Rooted in soft luxury, the concept embraces warmth, restraint, and intentional comfort –where everyday moments are elevated not through excess, but through thoughtful details.

PROJECT PORTFOLIO

PROJECT ASCB

LOCATION: BISLIG CITY

Conceptual Design for the Andres Soriano Colleges of Bislig School Gym and Building

This project aims to modernize the facilities of Andres Soriano Colleges of Bislig while embracing the beauty of tropical modernism.

Located in Bislig City, this project draws inspiration from the natural environment, combining modern architectural elements with a design that responds to the local tropical climate. Large windows and strategically placed ventilation systems create passive cooling, ensuring the building stays cool and comfortable.

This modern yet functional space will provide the students and staff of Andres Soriano Colleges with a conducive environment for education and athletic activities.

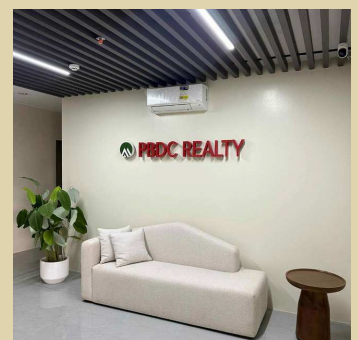

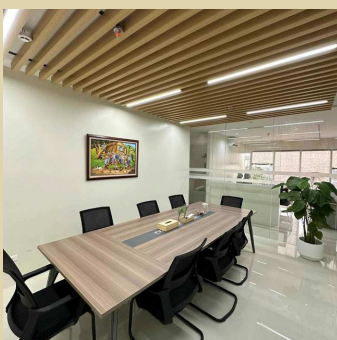

PROJECT PORTFOLIO

PROJECT PBDC

LOCATION: FAIRVIEW, QUEZON CITY, PH

This office space was thoughtfully planned to support focus, collaboration, and the everyday rhythms of work—where ideas take shape and teams grow together. Designed and styled by IDr. Rose Faith G. Necesito-Brondial, who flew in from Davao to personally complete the finishing touches and join the building's blessing on September 24, 2025.

PROJECT PORTFOLIO

PROJECT MANABU

LOCATION:
8SPATIAL, FILINVEST, MAA,
DAVAO CITY, PH

Transforming an 18 sqm. studio unit into a space for growth, creativity, and learning. From study nooks to multipurpose furniture, Project Manabu redefines the possibilities of compact living.

Design and Build
May 2024

PROJECT PORTFOLIO

PROJECT M.A.D.

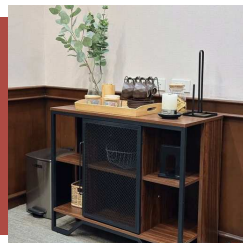

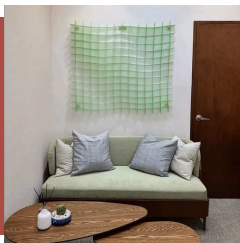

LOCATION:
ALSONS HEAD OFFICE
BONIFACIO ST.
POB., DAVAO CITY, PH

From dark and dated to bright, layered, and purposefully modern. Welcome to Project MAD—a bold revamp of a CEO's 26-sqm office.

This executive space now breathes Filipino Contemporary design: clean lines, natural materials, local artistry, and smart layout choices that empower leadership.

Out with the old and in with *inspired* leadership.

Project MAD was designed to reflect calm authority and creative focus. The seating area with a soft sage palette and curved wood-framed furniture brings comfort and ease. A geometric green wall feature adds artistic texture—a nod to local patterns. The executive desk stands proud, framed by layered wall textures and accent lighting.

PROJECT PORTFOLIO

PROJECT TREEHOUSE

LOCATION:

ALSONS MODEL HOUSE MAHOGANY
SOUTH, TUGBOK, DAVAO CITY, PH

Introducing Project Tree House!
As part of our interior design project with Alsons, this model house reimagines the childhood treehouse with a sophisticated, modern twist.

From the inviting facade to the thoughtfully designed interiors, every detail in this model house tells a story.

PROJECT PORTFOLIO

PROJECT AURA

LOCATION:
VILLA JOSEFINA, DAVAO
CITY, PH

Project Aura marks a significant milestone for Yes Designs, representing our first successful walk-in client. The client, who visited our Tulip office, entrusted us with renovating their family area and staircase in their newly built home.

The owners of this beautiful home have gradually enhanced their living space, renovating one room at a time. When it came time to refresh the family area and staircase, they sought our help to create a design that would seamlessly blend with the current aesthetics of their home while also improving these spaces, infusing them with a sense of luxury and connection to nature.

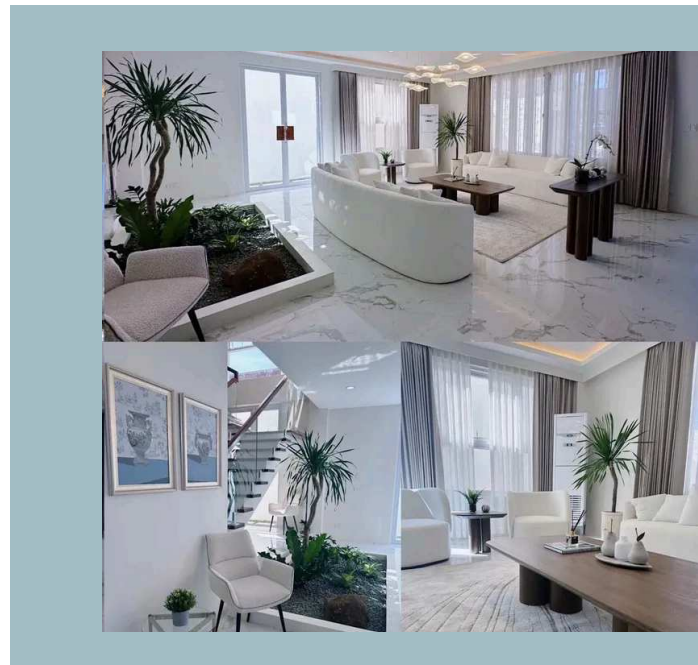

PROJECT PORTFOLIO

PROJECT PEARL

LOCATION:
FAIRVIEW, QUEZON CITY, PH

It's an honor to see our conceptual designs come to life in Project Pearl. Soft white tones, custom-designed furniture, and a vision of refined elegance—Project Pearl is the epitome of quiet luxury.

Just like love, great design is about the perfect balance—thoughtful details, timeless beauty, and a space that feels just right. Project Pearl embodies this with its quiet luxury; soft white tones and custom-designed furniture create a home filled with warmth and harmony.

PROJECT PORTFOLIO

PROJECT LOTUS

LOCATION:
MONTERITZ, DAVAO CITY, PH

Embark on a journey of transformation with Project Lotus, a harmonious blend of Contemporary Asian and European details in a family home. Witness the convergence of design and lifestyle as this well-traveled family's private haven undergoes a rebirth, overcomes adversity, and embraces the purity and fluidity of a blooming lotus. From curated collections to a grand lounge for social gatherings, every corner of this home narrates a story.

PROJECT PORTFOLIO

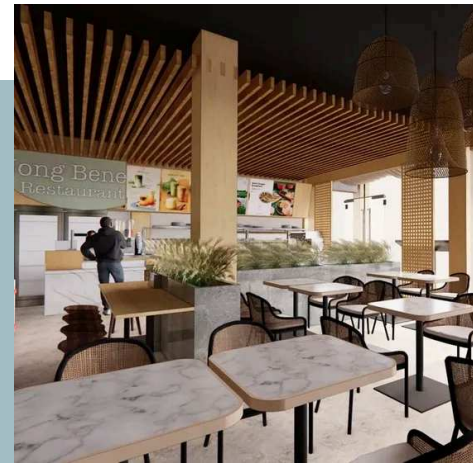

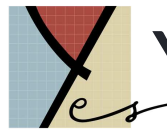

OTHER PROJECTS:

VARIOUS LOCATIONS

At YesDesigns, we take pride in delivering a diverse range of projects that reflect our expertise in interior design, architecture, and construction. Our portfolio spans residential, commercial, and mixed-use developments, each tailored to meet the unique needs and aspirations of our clients. Whether transforming a home into a personalized sanctuary, designing a modern office space that boosts productivity, or constructing a commercial building that blends form with function, we approach each project with creativity, precision, and a commitment to quality. Our focus is always on creating environments that enhance daily life, offering both aesthetic appeal and lasting value.
