BUCK'S HISTORY

A connection to the past

Buck's American Cafe has been operating in the historic Swalwell building in Riverside Square since 1986. Built in the 1880's the site was originally the home of one of the area's first banks. Through the years it housed a variety of businesses including a haberdashery, and as rumor has it a speakeasy. The original Pines Tavern was located here and operated from the early 1940's until the mid 1980's. Remodeling for Buck's was done with an eye to the future and respect for the past. Much of the building is original and upgrading was done to compliment the style of the era.

Our goal at Buck's American Cafe is simple. We strive to offer our customers great food and friendly, prompt service at affordable prices. Keep Everett Strong with independent small businesses. Show support when you can.

We are all in this together.
