

Loving Me 1st Girls Club

WITH

Kama Burton

Building
Self Esteem &
Character

Providing Tools
For Growth &
Success

Welcome from Kama!

I am passionate about the work that I do with Girls Club. Girls Club provides me with a weekly opportunity to support these amazing young ladies in a safe and positive environment. As the mother of a daughter, I understand how important it is for each young lady to develop and maintain confidence as they prepare for their future. Girls Club offers activities that will both stretch and encourage our girls to reach their highest potential as they become leaders within their schools and in their community. I thank you for allowing me to be a voice of positivity!

To educate and empower girls

To provide life skill tools & techniques that will inspire each girl to achieve their goals by building and maintaining a positive mindset
