1. ABATEMENTS [Fix]

Prior to the software update, the system allowed a tax bill to be abated for more than the net amount of the bill. This was corrected. Refunds resulting from abatements can only be issued for up to the amount paid.

The screenshot shows the 'Abatement Entry' window. At the top, it displays fields for Year (2016), Com# (02), Seq (01), Bill# (0000700008), and Acct# (0330255700). Below these are fields for Billing Address and Mailing Address. The 'Add Abatement' section shows Abate Date (31-Dec-2016), Abate Code (DA - DUPLICATE ASSESSMENT), Abate Amt (710.00), and Calc. (88.42). A 'Certificate#' field contains '4 Comment' and a note says 'No text available'. The 'Billed Charges' table lists Tax Bill (707.37, 16-Dec-2016) and other charges. The 'Payments & Adjustments' table shows a balance of 707.37. A 'Vehicle Data' window is open, displaying a warning message: 'You cannot abate for more than the net amount on the bill. Abatement is 710.00 Net is 707.37 for Bill 0330255700' with an 'OK' button.
