This symbol indicates that there is an updated document with relevant information in the Help Reference Library. Be sure to review the updated and new documents referenced herein.

#### 1. WHO IS LOCKING A RECORD ON THE UPDATE SCREEN? [New]

**ADMINS** is pleased to announce a new feature that will identify who you are record-locked with on a new record-locking screen. When a record-lock occurs, a popup screen will appear as shown in Figure 1. Click on **[OK]**.

Figure 1 Popup notification that a record is locked

- 2. Contact the user locking the record to ask them to exit the screen.
- 3. Click on the **[Return to Previous Screen]** button to return to the same record that was previously locked.

If the user cannot be contacted to exit the record, proceed to another task by clicking on the

([Home] button). From the home screen, use the menu to select another task.

Detailed information and examples are available in the new document, <u>MV–315 Locking</u> <u>Screen.</u>

Figure 2–New screen shows who is locking a record and how to contact them

## 2. ABATEMENTS > Entry Edit List [Fix]

The **Abatement Entry Edit List** was not matching the data shown on the screen because the refunded demand fees were suppressed. This happened for sites using a module control #4150 set to **"Y"**:

System Module Control												
Seq# Description								Answer				
4150 Allow	Fee	Waiver	to	be	Created	on	Fully	Abated	Excise	Bills	Y	

**ADMINS** corrected the report to properly reflect the total abated amount.

[ADM-AUC-MV-1669]

## 3. ADJUSTMENTS ▶ Posting To Interest [Fix]

When creating an interest adjustment to a **Motor Vehicle Excise (MVE)** account, if the **total net interest charge** was **equal to zero**, the program posted neither the interest **charge** nor the associated interest **payment** adjustments. **ADMINS** corrected the program to post the adjustment when the **total net interest charge** is zero.

[ADM-AUC-RC-8391]

## 4. QUERIES BY REGISTRATION NUMBER

ADMINS offers two ways to query the Motor Excise data based on a plate number. Each method takes three quick steps and is accessed by selecting Motor Excise > Queries. For the first method, select Motor Excise > Queries > Motor Excise Bill Inquiry.

- Click on the [Reg#] button (this will make the registration column active)
- 2. Enter the Registration number
- 3. Click on **[1 Detail]** to display the Excise Bill Detail for that plate #

Rhode Island tax sites will see a screen similar to the image shown in **Figure 3.** 

Massachusetts excise tax sites will see the Excise Bill Detail screen shown in **Figure 4**.

Figure 4

The second method is only for Rhode Island tax sites. To use this method, select **Motor Excise** > Queries > Excise Account Inquiry.
