REVENUE COLLECTIONS

RELEASE NOTES – JUNE 2018

This document explains new product enhancements added to the ADMINS Unified Community for Windows **REVENUE COLLECTIONS** system.

Table of Contents

1. POSTING MESSAGES [FIX]

When posting a large number of transactions, users would sometimes get logged off of the AUC server and see this message:

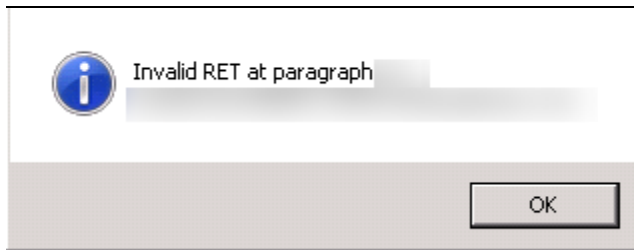

Figure 1 Before "Invalid RET at paragraph…" error message

This has been fixed and the user may now see a successfully completed message like this one once the process has completed.

[ADM-AUC-GL-8290]

1.1.   Post Collections Batches

A similar change was made for posting collection batches; the user will no longer see the error message in Figure 1.
