1. POSTING TRANSACTIONS Prematurely to the General Ledger (Fix)

ADMINS corrected an issue that allowed sites to post transactions to the General Ledger *prior* to the completion of the revenue collections posting. This happened every so often for postings with many transactions.

2. TABLES ► Mortgage Bank [Enhancement]

Some sites upload a file of mortgage banks to update Real Estate parcel information prior to billing. **ADMINS** enhanced the process to allow spaces in the filename and path for the upload file. Select **Tax ► Tables ► Mortgage Bank Table** to access the screen and initiate the upload.

3. COPY LIVE TO TRAINING [Enhancement]

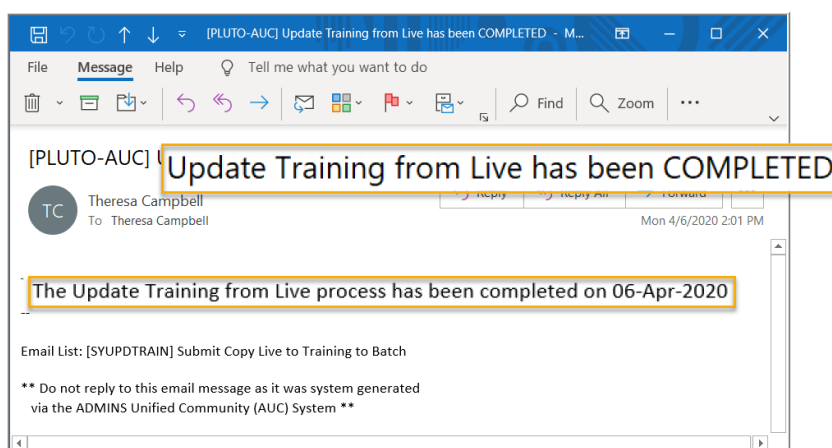

Figure 1 Email notification that the update of the training area is complete

The process was enhanced to send an email to the members of the **SYUPDTRAIN** Distribution List on completion. Users running the process should check the **SYUPDTRAIN** Distribution List to make sure their username is in the **SYUPDTRAIN** list.

This change was installed on sites in April 2020 and is included here to document the change.

See **SY-175 Copy Live to Training (Batch)** for details on this feature.
