WHO WE ARE

Mr. Frisky was a street cat. A Russian Blue mix of approximately 1.5 years of age when we rescued him. He passed away a few weeks before his 20th birthday. He watched over all of the rescues during his lifetime, ruling with a benevolent paw. He was such a force, such a personality, we will never forget him. It seemed appropriate to name this Organization in his Honor.

Lauren Greenwood, the Founder of ASKMRFRISKY.ORG has rescued, fostered, and fospiced for many years. Since she was a child, Lauren was always helping animals. As an adult, she began volunteering at animal shelters and rescues, learning Vet Tech skills, running Volunteer programs, giving shelter tours, organizing and hosting fundraisers, and speaking about animal care and sheltering at civic fairs, schools and on radio.
