This is a One Year Service Agreement. Allure reserves the right to refuse service to anyone. Any equipment used on the property remains the property of Allure unless noted, and may be removed after termination of this agreement. Any service requested to be performed during off hours may entail an extra service charge. Allure may on occasion use chemicals that may be listed in Proposition 65 if alternatives cannot be found or are proven ineffective. This agreement covers the pests noted above and does not cover wood destroying pests including termites, fungi, or molds. Access must be provided at time of service. A \$25.00 return fee may be assessed if the technician must return due to customer error or request of a reschedule at the door. Allure is not responsible for damage incurred to the property sustained during service treatments. In the case of numerous call-backs, service may be changed to a more frequent service until proper control is achieved.

Payment is due at the time of the initial service with a credit card and autopay option.

In the event a credit card is declined and no other payment options are on file, pricing will revert to standard non-contract charges for the last service performed and adjusted. If service is cancelled before the 1 year period, there is a \$90 cancellation fee. _____ (initial)
