I hope everyone had a joyous Christmas and are looking forward to the New Year. As the COVID virus continues to ravage our country and the world we must all get vaccinated, wear a mask and socially distance when possible. As of now our first meeting, January 19th, will be by ZOOM. Any member is invited to join in on any of these meetings. We represent you our members and welcome your input. To join in on a ZOOM meeting send a request to Bob Hamera at arjeha@gmail.com to join the meeting.

As your President I hope to serve the organization in a positive manner, communicating with all members via newsletters and personal interaction: by phone, e-mail and letters. My address is 1146 Market Street Sunbury, PA 17801. Please feel free to communicate with me at any time.

Kathy and Bob are a tough act to follow but with all your help we can succeed as an organization, **GROW OUR MEMBERSHIP**, and celebrate together at planned activities.

As president I have adopted goals to achieve for the remainder of my term. First and foremost will be membership recruitment. An organization will remain viable if it attracts new members who will bring new ideas and needed volunteering to sustain the chapter. **DISTRICT REPRESENTATIVES** your help is essential in identifying new retirees and obtaining their addresses to assist Brenda in maintaining our membership. **BEGIN READING BOARD AGENDAS AND IDENTIFYING POTENTIAL RETIREES.** Please send monthly reports to Brenda. If you no longer wish to serve in this capacity notify me and seek to find your replacement A.S.A.P. I'm asking for someone to replace me as the representative of Derry Township School District as I no longer can serve in this capacity.

I noticed from our membership list many have not submitted your e-mail address. Another goal of mine is to send e-mail notifications of upcoming meetings and special activities to our members. With the rise in postage, this method will save the chapter money. Please check our web site in the New Year for important announcements.

Another goal of mine will be fellowship among retired educators. Bring a friend to our Spring Luncheon Meeting (May10), RECRO Trips or activities. A non-member may become a member from this outreach.

In closing, I look forward to serving as president of the Dauphin County P.A.S.R. I look forward to meeting many of you personally at our events and activities. I value your input and ideas.

Happy New Year

Sincerely,

Margaret Auten, President

For the past three years we have been honored to serve as your co-presidents. Due to COVID our meetings were put on hold and like so many others we had to learn new ways of conducting meetings. Even though our meetings were on hold, the work of our organization was not. We could not have continued without your help and support. We truly appreciate your confidence in us to get through these trying times and we sincerely thank you for your continued cooperation. It was our pleasure to serve as your Co-Presidents.

LEGISLATIVE REPORT

Happy New Year to all of our school retirees for 2022.

Our Social Security checks will increase by 5.9% this year. Medicare will cost us about \$20 a month more for 2022. Our PSERS pension check will be reduced by about \$18 a month for increased healthcare premiums.

This year will be a political fight for a new Governor in Pennsylvania. There will be a real battle for our U.S. Senate seat in Washington. U.S. Senator Pat Toomey is retiring this year. Pennsylvania voters must be aware that a number of carpetbaggers have moved into Pennsylvania to run for Senator Toomey's seat. Carpetbaggers who have never lived in Pennsylvania but now have bought property to claim residency so they may run for political office.

Voters must be aware that there are politicians who want to change our Democracy and slash our benefits. School retirees must vote for candidates on MAY 17, 2022 who will preserve our benefits and public education.

In closing, school retirees may see an election year with courtroom battles with candidate's residency being challenged. School retirees must know their candidates and what they stand for. Will these politicians preserve public education and our benefits? See you in the spring.

Don Steinmeier
Legislative Chairperson

NEW RETIREES LUNCHEON REPORT

On September 9, 2021 members of DCPASR met at the west pavilion at Fort Hunter to celebrate our new retirees. We were pleased that three new retirees, Ed Mashas, Maureen Mashas, and Sue Ann Jones all from Central Dauphin joined us.

Before guests began arriving tablecloths were spread and fall decorations were placed on the tables. As people began to arrive, we gathered just to talk and catch up with what has been happening with each other--after all, it has been a while since we last saw each other.

After a short meeting officers talked about their positions followed by each committee chairperson discussing what each of their committees do, then it was time to eat.

Since we met outdoors, the setting was perfect for a boxed lunch provided by **Simply Turkey & More**. Guests had their choice of a chicken salad wrap or a simply special wrap. Everyone enjoyed their meal. What a great way to get together, share information, and welcome new retirees to the next phase of their lives.

We are hoping to see more new retirees at our Fall Luncheon.

Congratulations to all our New Retirees!

ARE YOU KEEPING RECORD OF YOUR VOLUNTEER HOURS?

We hope you have been counting all of your volunteer hours even the small ones. Remember to include time spent in schools, churches and other community organizations in your total. Please fill out and return the ***Community Services Survey (2021-22)*** form on **Page 20** by July 20, 2022. Follow the directions at the bottom of the form as to where you should send this information. All hours **count and help to show our legislators that even though we are retired, we still contribute to society.**

DCPASR FALL/GENERAL MEMBERSHIP MEETING/ REPORT

It seems like years since we met as a group-- Oh wait it has been two years since our last general membership meeting! Well, on Thursday, November 4, 2021 we held a meeting at the Skyline Family Restaurant. It was wonderful seeing everyone and I feel like people were glad to get together once again. We had 50 people attend.

The biggest business item we discussed was increasing membership dues. After much discussion it was decided that dues need to be increased and that in addition to our yearly and lifetime memberships, we should also offer a third option – a 3-year membership. This will all be discussed at our next Board meeting and will be brought back to the general membership for a vote at our Spring Meeting.

We were honored to have our Region IV Director, **Bruce Hockersmith**, meeting. Bruce addressed our group and reminded us that we are all and that we need to step up to leadership positions.

attend our
about service

Following the awards our new president was installed. **Margaret Auten** will be taking over the reins of our chapter. Our Region Director, **Bruce Hockersmith** installed Margaret as president. He then had us, as a group, pledge to help and support her. Congratulations Margaret! I know you have many new ideas that will help our organization grow. We all look forward to working with you.

After our business meeting it was time for our presenter. This year we had **Terry Neumyer** speak to us. Terry spoke to us on, Butterflies, Birds, and Other Critters. Terry's presentation was both informative and entertaining. I admit that I learned more about "bird poop" than I ever knew.

After the presentation it was time to eat. Once again Skyline served up a delicious meal. We had choices of chicken, tilapia, or meatloaf. The meal was served with salad, mashed potatoes, and mixed vegetables. A cake from Costco topped off the meal. As we were finishing dessert, a representative from Boscov's travel spoke to us about an upcoming trip that is being planned for next year. We all listened as she went through the itinerary for a trip to Spain. Sounds like a great trip.

It was wonderful seeing so many people and once again getting together as a group-- I know I missed these gatherings. Stay well and we hope to see you at our Spring Meeting. Keep watching the newsletters and our website for details.

LEGISLATIVE UPDATE #1

PSERS – In The News by Mark A. McKillop, PASR Executive Director **PASR Statement on PSERS**

Due to recent news about issues involving the Public School Employees Retirement System (PSERS), the Pennsylvania Association of School Retirees (PASR) is compelled to respond as it funds our pensions in retirement. Since PASR represents only retirees and not active members, issues involving alleged malfeasance at PSERS significantly impacts our members and their livelihoods.

PSERS has acknowledged that there is an active FBI investigation along with a federal grand jury investigation into its recent operations. At this time, there is no evidence or information leading to the conclusion that any pension has been placed in jeopardy.

Please note that PASR and PSERS are separate operations without any direct connection, therefore the investigation does not directly involve our organization.

Reason for the Investigation

There is a shared risk provision with active (non-retiree) PSERS members under Pennsylvania State Law that is based on an investment “window” of nine years. If PSERS investment returns fall below 6.36 percent over that nine-year period, a shared risk provision increases the amount that public school employees, who were hired after July 1, 2011, pay into PSERS. Originally, PSERS certified that the nine-year return was 6.38 percent. Later, PSERS held a special meeting and changed the number to 6.34 percent which activated that shared risk provision.

News reports surfaced that indicated a possible investigation was underway at PSERS about the estimation of the nine-year investment return and the process it took to reach that number. Recently, additional reports have indicated that the investigation goes beyond the process of the estimation. At this point, it is speculation until there is a second party validation.

As a result of the pending investigations, PSERS has acknowledged hiring at least four outside law firms to represent them. Also, PSERS has acknowledged hiring an additional outside consulting firm to help with investments during the time their staff is under investigation. This will result in additional money being spent in addition to normal management and personnel costs. PASR will seek information about the impact of those additional expenditures.

Next Steps

The PSERS investigation will take time to run its course, and we must respect that process. It is important to note that the average federal grand jury investigation usually takes anywhere from 12 to 18 months to complete.

PASR will closely follow this issue and we are committed to providing factual updates to keep you informed as the investigation progresses. We are here to be a trusted resource and will continue to advocate on your behalf.

We sincerely appreciate our members and leaders who have reached out to us to comment and seek additional information. We rely on feedback from our members, and we will continue to be responsive.

LEGISLATIVE UPDATE #2

L/PEC Meets the Challenge: PSERS and a COLA By Mark A. McKillop, PASR Executive Director

Due to the importance of the financial health of PSERS coupled with the essential and imperative need for a COLA now, we have dedicated a substantial portion of this newsletter to these two related subjects.

PSERS (Public School Employees Retirement System)

PASR is compelled to respond since recent news accounts alleged possible malfeasance. PSERS has acknowledged that there is an active FBI investigation along with a federal grand jury investigation into its recent operations. At this time, there is no evidence or information leading to the conclusion that any pension has been placed in jeopardy.

There is a shared risk provision with active (non-retiree) PSERS members under Pennsylvania State Law that is based on an investment “window” of nine years. If PSERS investment returns fall below 6.36 percent over that nine-year period, a shared risk provision increases the amount that public school employees, who were hired after July 1, 2011, pay into PSERS. Originally, PSERS certified that the nine-year return was 6.38 percent. Later, PSERS held a special meeting and changed the number to 6.34 percent which activated that shared risk provision.

As a result of the pending investigations, PSERS has acknowledged hiring outside law firms to represent them. Also, PSERS has acknowledged hiring an additional outside consulting firm to help with investments during the time their

PASR will closely follow this issue and we are committed to providing factual updates to keep you informed as the investigation progresses.

Some Reasons to Pass a COLA Now

1. It has been far too long since the last COLA.
2. Since the passage of Act 9 of 2001, PSERS retirees have lost at least 1/3 of the value of their pensions due to inflation.
3. Inflation (Cost of Living) has increased over 73% since 1990.
4. Almost one-half (49.7%) of all PSERS annuitants have a pension of under \$10,000 per year.
5. Over two-thirds (67.4%) of all PSERS annuitants have a pension of under \$20,000 per year.
6. Only 4.5% of all PSERS annuitants retired prior to 1990. It is a total of 10,207 people.
7. All annuitants who retired prior to 1986 have a yearly pension below \$7,623.

The Case for Pre-Act 9 Emphasis

The case for passing a COLA to help those who retired before the passage of Act 9 of 2001 is overwhelming. It is especially urgent for those who retired before 1990. **Pre-Act 9 (those who retired prior to July 1, 2001) annuitants/retirees prior comprise only 20.9% of all retirees collecting a pension from PSERS.** That is 47,436 out of 226,684 total annuitants. The Post-Act 9 annuitants outnumber the Pre-Act 9 annuitants 4.78 to 1. The data is complete as of July 1, 2021. In comparison, that number was 21.8% of the total with data complete as of January 1, 2021.

Pending PSERS Legislation

Recently, Triad met with one key member of the Pennsylvania House of Representatives regarding the PSERS reform bills. The report from the meeting was positive. Currently reform efforts are focused on accounting standards and investment practices at PSERS.

In the General Assembly, there are discussions regarding attempting to consider some of the pension-system reform bills in September 2021. Additional reform bills that have been discussed but have not yet been introduced.

It was reported to us that despite news accounts on the operations of PSERS, the pensions are “safe” and there is no risk to the funds.

HB 1671 - (PN 1874) Amends Titles 24 (Education) and 71 (State Government) providing for further duties of the Public School Employees’ Retirement Board and the State Employees’ Retirement Board. Imposes new transparency requirements related to investments and operations. Requires the livestreaming of all Public School Employees’ Retirement System (PSERS) and State Employees’ Retirement System (SERS) public board meetings along with a written record and requires the information to be posted online to a publicly accessible website and to remain online for at least one year. Provides that any record used by the boards, their employees, investment professionals or agents of each system shall be considered public records under the Right-to-Know Law unless, in the reasonable judgment of the board, access would cause substantial competitive harm to the entity by providing the information; would have a substantial detrimental impact on the value of an investment to be acquired, held or disposed of by the system; or would cause a breach of the system’s fiduciary duty. Requires the boards of SERS and PSERS to prepare additional reports to be submitted to the General Assembly.

HB 1698 - (PN 1916) Amends Titles 24 (Education) and 71 (State Government), in administration & miscellaneous provisions, providing for Global Investment Professional Standards (GIPS); and, in administration, funds, accounts and general provisions, providing for GIPS. This legislation adds a section providing for Public School Employees’ Retirement System (PSERS) and State Employees’ Retirement System (SERS) compliance with the 2020 edition of the GIPS beginning with fiscal year 2022-2023 and annually thereafter. The legislation also provides for the boards to adopt any updates to the GIPS necessary to ensure the plans’ compliance with the standards.

HB 1578 - (PN 1730) Amends Title 24 (Education) and 71 (State Government) adding language establishing the statutory employment contribution collars for the State Employees Retirement System and the Public School Employees Retirement system are no longer in effect.

HB 117 - (PN 85) Auditor General Employee Qualification Act providing for auditor qualifications for the Department of the Auditor General, establishing that new employees may not participate in the auditing process for which they are not qualified.

HB 1008 - (PN 1040) Amends the Fiscal Code establishing an Unfunded Liability Solvency Reserve Fund.

HB 1131 - (PN 1179) The Lean State Government Act provides that the Department of Auditor General shall require all state agencies to be subject to an initial performance audit and require additional audits for certain agencies every three years.

L/PEC meets the challenge:

Even though PASR’s primary political goal is obtaining an essential COLA for our members, we have added the monitoring of operations at PSERS as another goal for this calendar year. Due to the urgency of passing a COLA (Cost of Living Adjustment), L/PEC (Legislative Political Education Committee) has been compelled to give a greater amount of time and focus to these two issues. Both issues bring with it a significant level of complexity along with a substantial amount to learn and digest.

Without a doubt, especially this year, L/PEC has gone beyond the call of duty to address and scrutinize these issues on behalf of the membership and the Board of Directors. L/PEC, at the request of Chair Max Krugle, decided to hold monthly meetings to keep current with the events surrounding both the efforts to obtain a COLA and the monitoring of the functions at PSERS (Public

School Employees Retirement System). Like the Board of Directors, L/PEC is aware and understands the acute need of those who retired prior to the implementation of Act 9 of 2011 (those who retired before July 1, 2001). I extend our thanks to all state and local L/ PEC members for their extra work and attention at this important time. All members of L/PEC have been energized by what we need to do on behalf of our membership. All the L/PEC additional activity has the support of the PASR Board of Directors.

There are many issues with PSERS including the investing rate of return and how it has (and will) affect a future COLA along with the administration of the office and the progress of the federal investigation. **By all indications and sources, we are able to repeat that, at this time, there is no evidence or information leading to the conclusion that any PSERS pension has been placed in jeopardy due to any potential action or activity at PSERS.** Many people continue to confuse PASR with PSERS and we will continue to work to make sure the distinction is understood.

We thank all the PASR members and leaders who have reached out to us on this vital issue. Without feedback and comments from our members, being responsive to the needs of the Association would be much more difficult.

**DID YOU KNOW THIS ABOUT THE
SOCIAL SERVICE MEMORIAL HONOR FUND?**

The SSMHF Committee Memorial Honor Fund is one of the many ways PASR is able to give back to our members and have a positive impact on their lives. The fund exists to help members in need, to provide moral support, offer financial assistance, and provide gifts and visits to the sick and homebound. Since the SSMHF's inception, the Association has provided more than \$100,000 in direct financial aid to members in serious need and serves PASR members in need each year. Many PASR members also have their membership dues paid for by the SSMHF. Contributions to the Fund are used entirely for helping members in times of emotional and financial distress.
