

ABOUT US

Entity Growth LLC is a Washington, DC-based workforce development and youth programming provider delivering structured training and educational programs for government agencies, schools, and community organizations.

We specialize in workforce readiness, youth engagement, and community-based educational programming, with experience supporting underserved and high-barrier populations, including justice-involved and out-of-school youth.

Our programs are designed for rapid deployment and measurable impact, helping participants build career readiness, professional skills, and pathways to long-term success.

CORE COMPETENCIES

▶ **Workforce Readiness & Professional Skills Training** Career readiness workshops 2-hours, resume and interview preparation, workplace communication, and leadership development.

▶ **Youth Engagement & Development Programs** Structured programming including career exploration, guest speaker series, and life skills workshops for youth ages 14–24.

▶ **Community-Based Educational Workshops** Interactive 6 week workshops, focused on leadership, communication, and career development delivered in schools and community settings.

▶ **Entrepreneurship & Small Business Training** Introductory business training, startup fundamentals, and entrepreneurship education programs.

▶ **AI & Technology Literacy Training** Multi-sessions training programs introducing participants to artificial intelligence, digital tools, and emerging career pathways.

▶ **Program Design & Implementation Support** Curriculum development, program structuring, facilitation, and outcome-based evaluation.

PAST PERFORMANCE

- ▶ Thurgood Marshall Student Programs (Washington, DC)
- ▶ Designed and delivered leadership and educational programming, including STEM and civic engagement workshops.
- ▶ District of Columbia Public Schools (DCPS)
