About Us

Entity Growth LLC is a Washington, DC-based consulting firm specializing in workforce development, digital readiness, and educational program design. The company delivers hybrid, cohort-based training programs and strategic consulting services that empower youth, educators, and organizations to thrive in the evolving digital economy.

Entity Growth LLC partners with government agencies, educational institutions, and community organizations to design and implement scalable workforce and leadership development initiatives that promote equity, innovation, and professional growth.

Core Competencies

- **Workforce Development Program Design** – Creation and facilitation of digital workforce and career readiness programs for youth and adults.
- **Leadership & Professional Development Training** – Custom workshops and training modules focused on leadership, communication, and career advancement.
- **Educational Consulting & Program Management** – Strategic planning, curriculum development, and evaluation for education and workforce initiatives.
- **STEM & Digital Literacy Instruction** – Project-based learning experiences integrating technology, science, and innovation.
- **Organizational Strategy & Capacity Building** – Consulting services to strengthen institutional performance and community impact.
- **Gamification & Engagement Strategies** – Integration of game-based learning and participatory planning to enhance collaboration and learning outcomes.

Past Performance

- Thurgood Marshall Student Programs (Washington, DC): Designed and implemented leadership and education programs for DC students, including workshops on STEM engagement and civic participation.
- District of Columbia Public Schools: Delivered project-based STEM instruction and facilitated professional learning for educators.
- Baltimore City & County Public Schools: Developed and taught biotechnology and biomedical science curricula, preparing students for post-secondary STEM pathways.
- Entity Growth Digital Workforce Lab: Six-week hybrid training program for youth ages 14–17, emphasizing digital literacy, professional skills, and technology-sector exposure.

Differentiators

- DC-Based Provider with deep community and institutional partnerships.
- Proven Experience delivering workforce and leadership programs through the Mayor's Summer Youth Employment Program (MBSYEP, 2023–2025).
- *Lean Deployment Model* – Rapid program implementation within 30 days.
- *Hybrid Cohort Delivery* – Flexible, scalable structure for in-person and virtual learning.
- Award-Winning Consultant Leadership with expertise in educational equity, instructional design, and digital workforce integration.
- Cross-Sector Collaboration – Partnerships with educators, healthcare professionals, and community organizations to drive inclusive workforce outcomes.
