

# Doncaster Half Marathon

## Sunday 12<sup>th</sup> June 2022

### Information for Rossington Residents

Runners on the roads from 09:00 to 12:30

Curly's Athletes, and our charity partners are extremely pleased to be returning with The Doncaster Half Marathon! Through the event we aim to:

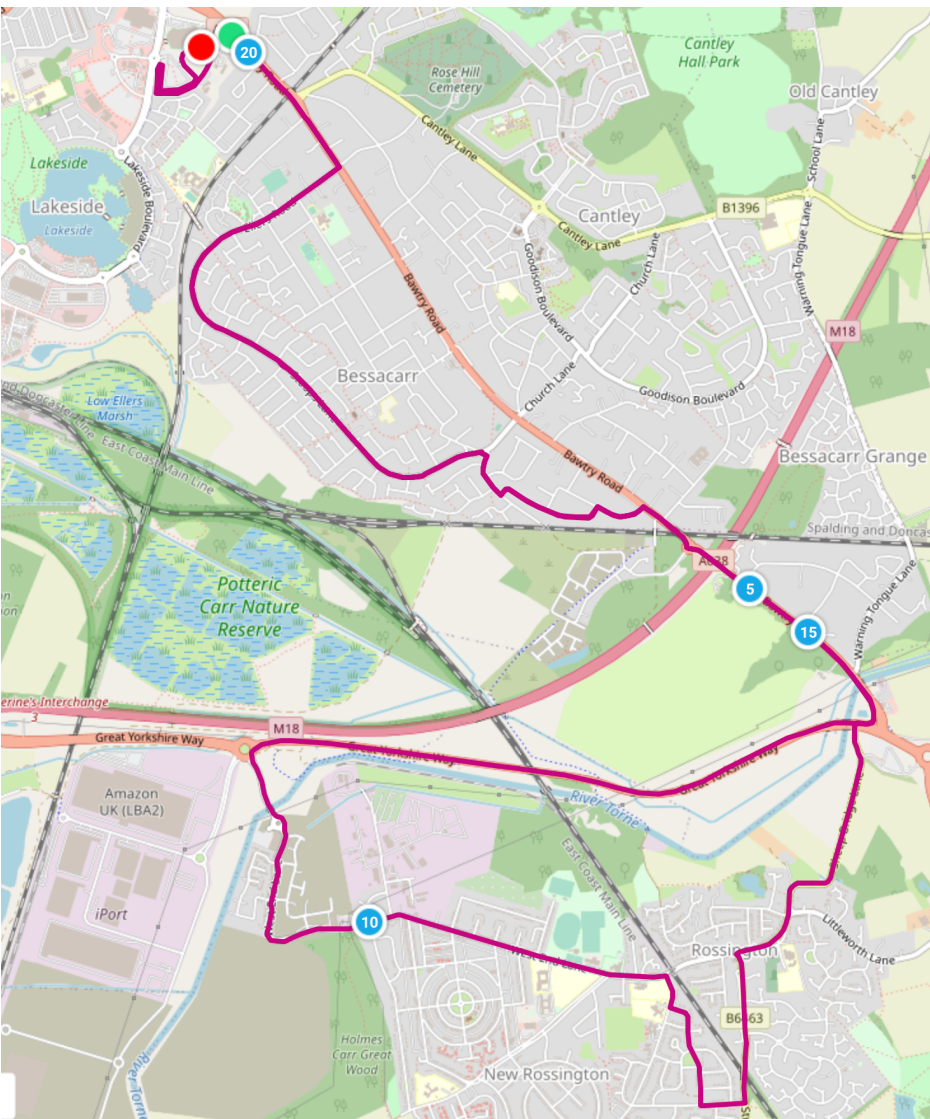

**"Inspire Activity, bring communities together, promote Doncaster and support our charity partners"**

**We encourage everyone to get involved** – Volunteer, fundraise, or showcase your community, school, club, or business on the route. Just drop us a note, and we will do our best to support - [contact@curlysathletes.co.uk](mailto:contact@curlysathletes.co.uk)

In accordance with Doncaster Metropolitan Borough Council (being the Highway Authority) an order has been made prohibiting, and restricting the use of certain roads, and road junctions by vehicles, in order to facilitate the safe holding of the Doncaster Half Marathon.

We're aware that this event may cause some disruption to your normal routine, and we would like to apologise in advance for any inconvenience caused and thank you for your support of the event. **We have maintained as much as possible access/exit for essential access/exit. However, we strongly advise avoiding travel on the route during the run. Emergency services (including our own response vehicles) will have access throughout the event.**

If you would like more information, please visit the event website [www.doncasterhalfmarathon.co.uk](http://www.doncasterhalfmarathon.co.uk). If you have a query that can't be answered by the above, you will find our contact details on our website.

**Rossington**, runners will enter the village from the iPort roundabout, from around 09:25. Making their way along the route, before exiting out past Sheeps Bridge Lane, and onto Bawtry Road at around 11:15.

**On the day a one-way system will be in place along the running route, taking vehicles from Sheep's Bridge Lane, through to the Great Yorkshire Way and Exiting onto the M18.** One side of the road will have the runners on it, and the other side of the road is open to vehicles.

Exit from the village is also available (via Stripe Road.)

**Properties and streets on the North side of the run route are advised not to leave during 09:25-11:15 (or until the rear of the run has cleared) However, should you wish to leave/gain access, please signal a traffic team member to help support you across the road, and into the one-way system (when safe to do so.)**

As always, our recommendation, is to avoid travel through the village. We would love you to support the runners, and join the children from the local schools in celebrating the run, and showing The Rossington community spirit! The runner feedback about the Rossington support (from 2019) was fantastic 😊

Traffic measure will be removed as the runners move through the village.

# Rossington Road closures/Traffic measures – Sunday 12<sup>th</sup> June 2022

**All times are approximate and subject to change**

*Runners will be in Rossington Village from 09:25 – 11:15. Traffic teams will be installing and removing infrastructure from 04:00-14:00. Individual roads are listed below.*

For diversions and maps of the closures, please visit <https://doncasterhalfmarathon.co.uk>

No on road parking is recommend	Sheep Bridge Lane, Stripe Road, West End Lane.

**Take care** – Our best advice for the day is plan ahead. If you can, stay in and support the runners coming through your area. The event may delay you exiting / accessing your property, so allow for extra time.

Some areas will not be able to have vehicle access during busier parts of the run.

However, we have installed a one-way system, so simply parking in an alternative location will still allow you to exit in the morning without any delay.

We have a traffic management team throughout, so if unclear, please ask the team.

As always, it's better to get in touch well in advance of the day with queries-don't leave it until event week, as the team will be busy setting up, and unlikely to respond.

We would love you to please come out, chat to the neighbours, and cheer thousands of runners running past, many of whom are running for charity.

For some it's their first ever half marathon. Some will be running, jogging, walking, and wheeling their way around, so please show them the Rossington Community Spirit!

Take care and thank you for your support, Curlys

\*Businesses on the route, places of worship, clubs and other establishments, will have direct contact from ourselves, so we can understand your operations and put plans in place ☺ . Road Closure and traffic management is also in place for Bessacarr- please refer to our Bessacarr residents guide.
