PAGE 35: A THANK YOU FROM OUR OWNER

NOTICE TO PRODUCTIONS:

It is your responsibility to ensure that you are in full compliance with local laws and restrictions regarding the possession and use of the items featured in our catalog. Many of the items contained in this catalog are considered "Controlled" items and will require a valid film permit, COI, and other documentation in order to rent.

All REPLICA FIREARMS featured in this catalog will require strict compliance with IATSE Industry-Wide Safety Bulletin # 1.

ALL GAS / AIR POWERED REPLICA FIREARMS WILL REQUIRE THE USE OF AN ON-SET ARMORER OR TRAINED WEAPON WRANGLER.

For information on Prop Firearm Safety Training, visit our associates, *Prop Gun Set Safety* at: www.propgunsafety.com

WE WILL NOT MAKE <u>ANY</u> EXCEPTIONS TO THE LAW AND REGULATIONS FOR THE USE OF THESE ITEMS.

ADDITIONAL SERVICES

TECHNICAL ADVISOR

PROPS & WEAPONS

ARMORER & SAFETY

There is much more to CPRNY than just props and costumes.

With nearly 30 years of firearms experience and training, 25 years of law enforcement experience and 12 years of military service, working as an instructor in both uniforms, our owner is a safety conscious prop master, weapon technician, armorer as well as a technical advisor and on-set consultant. We have assisted multiple productions with scene set up, police techniques and processes as well as weapon proficiency and safe handling. Following the tragic firearm incident our owner was featured on nearly every network, cable news channel and across the globe speaking on topic of prop weapon safety and proper protocols to ensure a safe set with weapons, actors and crews.

We believe that "Safety is Never an Accident!"

We will work with your actors and crew to ensure that everyone is comfortable with the safety measures we take on set when prop weapons and action sequences are involved.

Digital Design and Graphic Props: we maintain a vast library of forms, documents, custom images, logos and ready to print props available on short notice. As these images, props and other IP's are created and owned by us, they are available to our clients for use during our time under contract without clearance.

CUSTOM PATCHES, UNIFORMS and ACCESSORIES: Having direct purchase accounts with many of the companies that supply our first responders, we are able to produce one of a kind uniforms and accessories to match your goal with a short turn around time. We can also design custom patches and have them made within 2-3 weeks in various quantities.

Prop Fabrication and Reproduction Services:

we can provide several prop services during preproduction to create one of a kind props or produce stunt safe versions of your hero props. We can also modify existing props to match your desired look.

January 2024

To our friends, clients and film family,

I congratulate you all on your show of solidarity this past year as many of us supported the WGA and SAG-AFTRA strikes. Even more importantly, I complement you all on your resiliency through the hardship that many of us experienced and worked through, together. Our industry is moving forward now, with many of our fellow artist and technicians now earning a better living and receiving improved benefits. Although these strikes brought us to a temporary closure for half of the year, we support you all and are proud to stand amongst you!

Later this summer, Cop Prop Rentals of NY will be proudly celebrating our 10 Year Anniversary of business in the film and television production industry this summer. In the span of a decade a lot has changed as this business grew from a concept, to starting out as a single traveling case full of uniforms and equipment, and then growing in to the business we are today. We would not have achieved this nor stayed in business this long without the support of each and everyone of you whom we are proud to call friends and family.

As we start this year, we remain committed and focused on providing our clients the best in service, quality and doing what it takes to make the magic happen on screen and behind the scenes. We remain committed to SAFETY in all we do in the shop and on set. We are proud to be working with some of the best subject matter experts in our industry to improve the availability of safety education and resources afforded to members of our industry who work around prop firearms on set.

SAFETY IS NO ACCIDENT!

This is not just our motto, it is our promise to each and every one of you every time we work with you or for you.

God bless you all and lets have an amazing film year!

Warmest Wishes and Best Regards,

Joseph Fisher Owner, Cop Prop Rentals of NY
