

# COP PROP RENTALS OF NY

394 Logtown Road  
Port Jervis, NY 12771  
917-885-6128

www.CopPropRental.com

Thank you for contacting us in regards to your upcoming project.

We have several options available for simulated firearm props which include solid rubber prop pistols and revolvers, plastic replicas and functional spring and gas powered replicas.

**Solid Rubber Pistols:** non-functioning solid cast molded replica of actual firearm.  
(ideal for characters wearing holsters, during blocking, weapon drawing scenes, background actors and stunt work) **\*AS OF JULY 2022, this is the only prop gun available for rental from us in NYC.**

**Plastic (semi-functioning) Replica Rifles and Pistols:** Have some working and functional parts to include magazine loading & release, trigger pull, hammer (on revolvers), charging handles (on rifles) and are 1:1 replicas of the actual firearm.

**Spring / Gas Powered Replicas:** battery or gas powered metal replicas, have full function of actual firearm without the use of blank cartridges and are modified to prevent projectile discharge. Pistols and some rifles have full blow-back action to replicate live fire of prop without muzzle flash or casing ejection.

- It is the responsibility of the Production Company (lessee) to verify their compliance with local laws and regulations based on the location of production regarding the possession and use of prop firearms prior to rentals.
- Simulation / Prop Weapon rentals will require someone on set as an armorer/weapon handler with the proper certification and training or we can provide this service to you at a reduced daily rate with rental. (Rentals outside of NYC)
- Due to the laws regarding the possession and use of these prop items, we will require proof of permit (to include use of simulated firearms) to complete any rentals outside on NYC.
- In full compliance with New York City Law, we are not able to provide any of our functioning (spring, gas, air powered) Firearm Props to productions for rental who do not have a licensed and qualified Armorer on set in possession of a valid NYC PD issued film production / theatrical weapons permit. Please contact the NYPD Movie & Television Unit or your local government film office for additional information.
- In compliance with NYS & NJ Law, we will not rent these props to individuals with prior or pending Felony or Misdemeanor charges.
- Possession and use of these replica firearms by unauthorized persons is a misdemeanor in both states.
- We will not make ANY exceptions of the rules regarding the rental of replica firearm props under any circumstances.

Rentals are delivered in a protective case. Pistols and Revolvers will be provided with the appropriate holster for that prop. Rifles will be provided with a removable carrying sling. Several options are available for both types of prop weapons.

### Rental Rates:

Type	Daily	Weekly	Additional Week(s)
Solid Rubber Replica Pistol	\$45.00	\$75.00	\$30.00
Replica Rifle - Plastic (semi-functioning)	\$55.00	\$85.00	\$40.00
Pistol Replica - Spring / Gas Powered	\$65.00	\$100.00	\$50.00
Replica Rifle – Metal / working bolt	\$85.00	\$125.00	\$65.00

### ALL RENTALS:

- A copy of your valid film permit will be required for any non- studio filming. This includes any exterior or public space, any private property not designed or certified as a film production studio.
- Due to laws and restrictions on the possession and display of these items, to include uniform costumes, prop weapons and other restricted items, police may be required to be on location during filming periods involving these props.
- Your valid permit must be submitted no less than 72 hours prior to your rental for verification.
- A completed rental agreement, a new project form and a certificate of insurance (COI) to cover these items will need to be on file with us prior to rental. This document is not a contract for rental. Rentals will be approved upon review of all required documentation.
- The lessee is responsible for securing and safeguarding these prop items in compliance with local firearm laws and codes when not in use for filming.

You can contact us with any questions regarding the regulations for your location, but you are strongly recommended to contact your local police department or municipal film office for the most current stipulations and rules for filming.

All rental requests must be finalized 24-36 hours prior to rental pickup or delivery to allow items to be properly prepared and quarantined prior to use. Our facility is located approximately 75 miles north of NYC and shipping and pick up services can be arranged. We can also assist you with staging and preparing the officer actors if needed and assist with technical consulting services to enhance the reality of the scene.

Please see our rental contract for a complete list of the lessee’s responsibilities and requirements.
