

Mitchel Boehmke

Mitchel Boehmke grew up in Medina County and graduated from Buckeye High School. Mitchel went to college and graduated from Kent State University with a degree in Recreation, Park, and Tourism Management with a minor in Disability Studies and Community Inclusion. Mitchel has a passion for the outdoors, however decided to take a different path and to use his minor instead. Out of college Mitchel started working for United Cerebral Palsy of Greater Cleveland as a Skills Trainer. Mitchel worked with high school students with disabilities within Medina County and helped teach them on-the-job skills. Mitchel would help the students figure out their strengths, interests, and needs while working. Mitchel has always been interested in career pathways and helping others find jobs. Mitchel's next job was a Community Developer at YouBelongOhio. Mitchel helped individuals with disabilities find employment within their community. During this time, Mitchel worked throughout 7 counties in Northeast Ohio. As a Community Developer, Mitchel would help the individuals with resume development, mock interviews, applying to jobs, educating employers on disability rights, and on the job training. Mitchel obtained his Certified Employment Support Professional (CESP) in 2021. Mitchel then heard of a wonderful new program and career that was recently created as a Career Coach. Mitchel thought that this would be a great career pathway to take to help students within the community that he grew up in. As a Career Coach, Mitchel will be helping students throughout the 7 school districts in Medina County find out what they would want to do after they graduate high school. During this program, Mitchel will help the students find their passions and interests for a career. The Career Coach will be able to set up opportunities for students to gain experience and/or knowledge on careers of their interests. As a Career Coach, Mitchel is also making connections with businesses throughout Medina County and finding out opportunities in the community to share with the students. Mitchel will help the students create career pathways to ensure that they will be set up for success after they graduate high school. To schedule a meeting with Mitchel (Career Coach) the students will either reach out to their school counselors or reach out to Mitchel directly.

Mitchel has a passion for helping others achieve their goals and to help guide students to become successful. Mitchel loves to learn about different types of careers and how people got to where they are today.
